50 CENTS PER MONTH

WILL BE NO FAMINE IN FOOD OR MONEY

Wealth Will Roll Into County As Result of War

NO REAL OCCASION FOR EXPENSE CURTAILMENT

Buy As Usual But Eliminate Waste, Is Advice of Local Banker

"If I were required to give advice, it would be this: Don't get alarmed. Live about as you have always lived, but for the good of your country, don't be wasteful. Don't unnecessarily curtail your buying and try to get along with one coat when formerly you had two. If you do, you will help to bring to your locality the very thing you have been trying to avoid—hard times."—C. S. Crookshank, cashier First National Bank.

Recognition of the fact that "hysterical economy" is doing a great injury to many trades and industries is becoming more and more general throughout the country.

The scare following the declaration of a state of war existing between Germany and the United States, is subsiding every day and business is gradually resuming normal conditions. The scare had more to do with the fear of hard times as the result of the war than fear of actual warfare.

The public has become more or less confused by reason of alternating exhortations—now to rigid economy and now to go on spending money about as usual. The inconsistency is more than usual. That more care than usual should be exercised at this time is true, but care means that economies should be in the use and purchase of things that are high priced because they are scarce. Economy on real necessities is not necessary—carried to extremes it will develop industrial troubles of the severest sort.

There is plenty of money in the country—there is plenty of work—and there is no necessity of retrenchment on the part of Santa Ana residents in the way of supplying themselves with the necessities.

No Occasion for Scare

"There is no occasion for a scare," said C. S. Crookshank, cashier of the First National Bank, today, in discussing local conditions, and the possible effect on local business, as the result of "hysterical economy." There is not going to be a famine, locally, either in food supplies or in money.

"Foolish and unnecessary curtailment in our buying is about the only thing which is likely to produce hard times in this locality. Just stop for a moment and consider the facts. We are a self-supporting community. We raise infinitely more than we consume. The entry of the United States into the world war is bound to give us high prices for our products.

"When they are harvested this fall our banks will be overflowing with money. The sale of outside parties of a controlling interest in the Santa Ana Sugar Company has materially increased the ready cash of this community. Even though other parts of our country should experience a close money market a self-producing community like ours cannot help but roll in wealth.

War Spells Prosperity

"Then look at the situation from another standpoint. The entry of the United States into the war means a stimulus to business which could not be brought about in any other way. War spells prosperity in all lines of business and especially for the farmer. Personally I look to see business expand to an extent that none of us ever dreamed of prior to the war.

"I can see but one dark cloud in the horizon—and that is the new Federal revenue law which is about to be passed. If its provisions should be too harsh and strike 'big business' too hard, all business would be injured. This is a big country and we must have big business. I am frank to admit that the war tax proposals of the leaders in the House of Representatives are, in my opinion, ill advised, unsound economically and will be a great deterrent to business.

But it is hardly possible that such drastic tax proposals will ever become a law. But even should they be enacted into law, I believe, that our people are so patriotic and our resources so vast that the stimulus the war will give business will more than

CONFEREES AGREE TO CENSORSHIP CLAUSE IN ESPIONAGE BILL

Section Makes It Misdemeanor to Publish Names or Positions of War Forces

WASHINGTON, May 25.—The Gregory Espionage bill with a censorship clause was today agreed to by the House and Senate conferees. The clause makes it a misdemeanor to publish the names or position of military or naval forces of America or the allies. Enforcement is not left in the hands of any person or board. The enactment would simply be an ordinary law. It is expected that the bill will pass both houses this afternoon.

WILSON DESIGNATES WEEK BEGINNING JUNE 5 AS RED CROSS WEEK

WASHINGTON, May 25.—President today officially fixed the week of June 5 as Red Cross Week.

"Give freely, in a spirit of patriotic sacrifice," the President said. Major General Pershing today said:

"Upon America now rests the burden of the terrible burden to come. The United States must rehabilitate France and help the orphans and widows. Yet our people are lax. We must awaken to the grimmest of war."

offset the evil effects of an ill-framed revenue law.

"If I were required to give advice it would be this: Don't get alarmed. Live about as you have always lived, but for the good of your country don't be wasteful. Don't unnecessarily curtail your buying and try to get along with one coat when formerly you had two. If you do you will help to bring to our locality the very thing you have been trying to avoid, namely, hard times."

ROME IN DELIRIUM OVER ARMY'S GAINS

Supremacy On Italian Front Is Claimed By Austria In Statement

ROME, May 25.—Dispatches received here today stated that an official statement had been issued by the Austrian war office claiming that Austria maintains supremacy along the Italian front. Despite this, Rome today is delirious with joy over the success of the Italian troops on the fourteen-mile front extending from Castagnavizza to the Adriatic in what the newspapers refer to as "the nation's greatest blow of the war." The victories around Gorizia, where a strong point on the slopes of San Marco had been captured and progress made around Monte Santo and Vodice, are hailed as "magnificent triumphs." The fighting is marked by attacks made en masse, and is accompanied by high casualties.

PARIS, May 25.—The French have seized a new position in the region of Chevreux, the war office today announced. Advancing troops found enemy shelters demolished by the French fire and the bomb-proofs were found filled with dead, says the statement. There is a lull in the fighting at other points.

RUSH NAVY GRADUATIONS

WASHINGTON, May 25.—In order to provide additional officers for the submarine chasing fleet, the present first class at the Naval Academy will be graduated June 28.

THE PERIL OF HYSTERICAL ECONOMY

The "Economic" warning sounded throughout the nation by the Government has been grossly and gravely misinterpreted.

Economy does not mean that you should deny yourself a new pair of shoes, a hat, a suit, dress, waist or yet an evening at the theatre.

Economy means not to be wasteful; and applies principally to three things:

1. Food.
2. Land.
3. Time.

Enough food is wasted on the American table annually to feed an active army of 2,000,000 men. Do not waste food. Do not let food spoil.

That is your first Economic duty. If you have a field, acre, lot or back yard, don't let it lie wasteful. Plant it. This is your second Economic duty of patriotism.

Every hour spent in idleness is waste. Look up someone who is not keeping busy. Give him employment. Thus you will be shutting off the third waste.

And if you hear a man crying: "I'll not spend any of my money until I know what's going to happen!"—Shut him off. Explain to him that such a state of mind causes hard times and panics.

It is your patriotic duty to firmly oppose this sort of hysterical penny saving and dollar hoarding. It means loss to him, to his community and to his nation. It is the gravest waste of all.

Caution him that a prolonged holding on of income by the American people will result in a total eclipse of the sun of prosperity.

Impress it upon your neighbor that the entire seven billion bond issue and all of the money loaned our allies is being spent in our own United States.

If everybody hoards his dollars and stops spending nickels, dimes and quarters the pulse of business will cease to beat.

Keep money moving. Your doing so will encourage your neighbor to do likewise; and you will both be prosperous and busy.

Let father buy war bonds.

Let mother cut out kitchen waste.

Let brother enlist.

Let sister hustle for the Red Cross.

Let the kiddies cultivate the garden.

There is plenty to do, and money for all if it is not hidden away in stockings.

14 DIVERS SUNK BY JAPAN WAR FLEET, REPORT FROM TOKIO

Nipponese Effectively Co-operating With Allies In Mediterranean Area

LOS ANGELES, May 25.—A cablegram from Tokio to the Japanese Morning Sun here today states that the Japanese war department has announced that fourteen submarines and three battleships have been sunk in the Mediterranean by the Japanese fleet.

ROME, May 25.—Japan is effectively co-operating with allied warships in the Mediterranean, it was today officially announced.

LLOYD-GEORGE LAUDS U. S. DESTROYERS' AID

LONDON, May 25.—"We have dealt more effective blows at the submarine menace during the past three weeks than during any corresponding period," Premier Lloyd-George stated in the House of Commons today.

The sea forces of the allies are making "satisfactory progress," said the Premier, who paid eloquent tribute to the work being done by the American destroyers.

"If everybody economizes, and all land is used to produce food the submarines will not defeat us," said the Premier.

EXEMPTION BOARD IS MEETING AT CAPITAL

WASHINGTON, May 25.—The President today calls upon the ablest men of the nation to help frame exemptions from military service. A board is now in session to draw up draft exemptions.

THIRD U. S. MUNITIONS SECTIONS IN ACTION

PARIS, May 25.—The third section of the American munitions transport service arrived at the front today. It is in command of H. Kennedy, manager of the 1916 Dartmouth football eleven.

ANTI-TRADING WITH ENEMY BILL IN HOUSE

WASHINGTON, May 25.—The administration's "Anti-Trading with the Enemy bill" was today introduced in the House. It proposes to punish any individual or firm that deals with enemy firms or individuals either directly or indirectly.

ALLEGED ANTI-DRAFT BODY LEADER NABBED

DALLAS, Tex., May 25.—G. T. Bryant, said to be president of the Farmers' and Laborers' Protective Association, has been arrested at Anson, Tex., upon an indictment charging him with planning to oppose by force the officers and agents of the United States in raising the new army.

Word reached here to this effect today.

Bryant is said to have gathered a considerable force to resist the draft order.

The government plans to prosecute him vigorously.

STATE DEFENSE COUNCIL MAKES COUNCIL REPORT

What Farmers Can Do to Increase Production Told By Investigators

What can the farmers of Orange County do to aid in the patriotic task of producing the largest possible quantity of food?

To answer this question, the committee on Resources and Food Supply of the California State Council of Defense recently conducted a food survey of California through the University of California College of Agriculture. A conference with farmers of this county was held at Santa Ana recently. The findings as to what the farmers of Orange County can do to help the nation in its wartime emergency are set forth in the following report from the investigators:

Recommendations

1. Conserve stock feed; do not over-feed hay to workstock.
2. Extend intercrops to all young orchards.
3. Increase crop production by conserving all surplus water.
4. Create district labor bureaus.
5. Make a school vacation coincide with the walnut harvest.
6. Gain the confidence of Mexican laborers and thereby reduce their migration.
7. Provide suitable living quarters for farm laborers and give them space for a garden.

In Orange County, April, 1917

"The bean area during this year will apparently be about 5 per cent above the normal. A total crop slightly above the average is anticipated. The beet acreage is thought to be normal with prospects for an average crop. From present indications the walnut crop will be 115 per cent of normal of the past few years. It is expected that there will be a combined citrus crop of 5 per cent to 10 per cent above the average, the increase will be due in part to the tonnage from young and heretofore non-productive groves. The apricot crop will apparently total from 10 per cent to 20 per cent below the normal. The potato acreage is estimated to be 10 per cent above the normal and normal in condition. Tomatoes, peppers and green beans will be apparently, 5 per cent to 20 per cent above normal. The cabbage acreage is 20 per cent to 25 per cent above normal. The condition, however, indicates only 5 per cent to 10 per cent above an average total crop.

"The threshed grains are considerably below normal in acreage and condition, with a reasonable expectation of only 65 per cent to 75 per cent of an average crop.

Hay Below Normal

"The carrying capacities of pastures are only 50 per cent to 60 per cent of normal. Barley and other grain hays are considerably below normal in both acreage and condition. It seems reasonably certain that there will not be over 45 per cent to 55 per cent of a normal crop of grain hay produced in the country this year. On every hand there is an indication that the supply of stock feed is considerably below the average, and it therefore becomes the duty of every farmer to conserve the forage feed for his animals. Farmers as a rule have a tendency to over-feed their workstock with hay. This is not only wasteful but may actually reduce the efficiency of the teams. Horses should not have free access to the haystacks where they over-eat, and further waste their food by tramping it into the ground.

"The number of livestock in the county is thought to be normal. There is a general feeling that the total poultry population is about to be increased possibly 10 per cent, in spite of the high price of feed.

Bean Intercrops

"Apparently about 90 per cent of the young orchards are normally intercropped to beans. This should be increased to nearly 100 per cent during the current season. The very favorable bean market warrants this increase.

"The irrigated area might be increased during the season of 1918 to the extent of several thousand acres. This is especially true on the San Joaquin ranch where ample water is available to irrigate 20,000 to 25,000 acres of land which are now being dry farmed. The recent emergency water bill passed by the State Legislature frees the owners of surplus water from any permanent encroachment upon their water right due to the sale of such water during the present war.

"School vacations occurring in September and October would materially assist the walnut harvest. The gathering of this crop is mainly light, clean work, where boys and girls with the proper leadership might prove very efficient.

Mexican Situation

"The abnormal migration of Mexican laborers from one section to another the current season has been due apparently to a high and fluctuating labor wage. The probable return during the past few weeks of any amount of this labor to Mexico seems unlikely. Steps should be taken to gain the confidence of the Mexican laborer to al-

U. S. Must Soon Bear Brunt Of Fighting, Is View Of Experts

BY WEBB MILLER (United Press Staff Correspondent)

WASHINGTON, May 25.—Russia is out of the war as far as military power is concerned, for at least two years. France is about at the end of her man power.

These are the cold facts about the war situation, as seen today by military men who are in a position to know conditions by reason of intimate knowledge of American observers' reports.

While Great Britain still has considerable "punch" left, these military men believe that the struggle abroad is rapidly reaching the point where the United States must bear the main burden.

The war, they say, will be long. America's half million men, to be drawn in September, will be only a "drop in the bucket" and must be followed by other vast increments if conditions continue as at present.

The west front struggle, the experts say, has been misinterpreted and unrealistically reported either through the allies' unwillingness to let real facts be known or to ignorance of the exact state of facts on the part of American newspapers.

These men declare that for many months the American people have been led astray as to the

real situation. The allies, they declare, are not making the headway that the country has been led to believe they are.

In this connection, they say that solution of the submarine menace must eventually determine to a great extent where victory shall rest, except for what part America shall play in the struggle.

The last fresh man wins a battle, and the last fresh millions of men will decide the war, they hold. Hence America must bear a heavy burden in the next two or possibly three years and the sooner the nation awakes to the truth and enormity of the situation, the better off will it be, these experts believe. There has been much talk of the nation's apathy.

That this will be overcome when blood begins to spill is the main hope of military men, who say frankly, that to the present the country's interest is insufficient as shown graphically by recruiting figures, slowness to subscribe the liberty bonds and other signs.

The selective service system will get the men, but the spirit must be aroused, the experts hold.

More Nations to War On Kaiser, Gary's Forecast

NEW YORK, May 25.—Prediction that some, or all, of the South and Central American republics, China, Spain, Scandinavia, Holland and Switzerland, probably will declare war on Germany, was made in a speech before the annual meeting of the American Iron and Steel Institute here today by Judge E. H. Gary of the United States Steel Corporation.

"The United States did not desire and persistently sought to avoid trouble with Germany," said Gary. "We have entered upon a colossal undertaking on the highest moral grounds. But none of us realizes the strength of the enemy.

"The allies' greatest element of strength is their principle of right makes might.

"My answer to the question: What are we fighting for, is:

"We are fighting to firmly establish and permanently maintain a basis whereby every international question in dispute must be determined in accordance with the principles of justice.

"The time, money and prayers of all civilians must be given to our soldiers and sailors.

"The pecuniary burdens to be imposed on us will be very great. All should be willing to sacrifice. The iron and steel industry will cheerfully bear its share. Personal interests will yield to the necessities of the country we love.

"Tax burdens must be equitably distributed. The necessities of life should be exempted. The channels of business prosperity should not be clogged by taxation."

After reviewing the events leading up to the declaration of war with Germany, Gary said:

"It is doubtful if any of us fully realizes the strength of the enemy, even though we know his grim determination. His numbers, preparedness, resources, devices, creative ability, methods, protective barriers, means of rapid mobilization and transfer of troops and supplies, are further ad-

lay the fears of a war with Mexico and assure him proper protection in such event.

"The ranches where workmen are most liberally treated are having very little labor trouble. Properly housed and well paid laborers as a rule are standing by the farmers in this time of stress. Also the allotment of suitable garden space, provision for poultry keeping, etc., to the ranch workmen with families, has a good economic and psychological influence on their contentment and stability."

UNMUSTERED TROOPS NEED NOT REGISTER

WASHINGTON, May 25.—Members of the militia or of any other military or naval organization not yet mustered into America's service but subject to call, need not register for the selective service army June 5, it was today announced.

OLD GLORY FLIES IN ROME

ROME, May 25.—"Old Glory" today is flying at Capitoline Hill, the cradle of old Rome's and the modern world's civilization. The Stars and Stripes is swinging from the sixteenth century capital building, designed by Michael Angelo.

FIRST U. S. WAR UNIT AT WORK AFIELD

United Press Writer Relates How American Fighters Go Into Action

MUNITIONS MEN IN ENEMY SHELL RANGE

Yankees Scoff at Hard Work, Danger, Eager to See Actual Service

BY HENRY WOOD

(United Press Staff Correspondent)

TRAINING CAMP OF THE AMERICAN FIELD SERVICE, SOMEWHERE IN FRANCE, May 25.—America's first armed force began active service at the front today. It was Section One of the American munition transport service. Its forty odd young Americans left the training camp late last night. They are today hurrying shells and ammunition to French soldiers in front trenches under fire.

Simultaneously with the departure of Section One, there arrived here Sections Two and Three. Two is composed mostly of Andover college men. It is to enter active service next week and two weeks hence the Dartmouth, Yale, Harvard, Johns Hopkins and the Chicago and Williams universities men in number three will be at work. In the meantime Sections Two and Three started drilling with French rifles and the French manual of arms. They are also to be thoroughly instructed in handling of automobiles—and particularly the big five-ton American motor trucks which they will drive in actual service.

Wear Khaki Uniforms

The Americans are wearing khaki uniforms closely resembling the American military garb. Many have had military training in the United States but when they began drilling today they discovered they would have to begin all over again, since the French manual of arms and the French drill tactics are entirely different from the American.

The training camp of America's first fighting forces on the French front is installed in one of France's most beautiful and most historic forests close to where the army is fighting. The American flag floats beside the tri-color high above the encampment. The particular standard of the Stars and Stripes now in use was the gift to the munitions transport service of Clarence Mackay.

The camp is officered by French army commanders, including Lieut. J. E. Osterheimer, of Philadelphia, who enlisted in the French army in 1914. Lieut. Daily, an American who was captain of the 1910 Yale football team with William Taylor, as second in command, comprise the commanders of the sections. Section three has not yet been officered.

Have to Have Breakfast

The very first thing the French army officers bumped against in preparing for the American fighting men, was that they had to have breakfast. No French soldier eats a regular breakfast and the French army cooks have their mornings off in consequence. But not so at the American munition transport training camp. The usual American appetites for breakfast are very much in evidence. Therefore, the French army regulations had to be altered to fit. There is a regular meal every morning now. The French officers also discovered that the usual emergency ration would have to be changed in the case of the Americans. The French soldier carries one solitary loaf of bread for his reserve food supply when starting out on active service. It didn't look like enough to the Americans. The supply was therefore increased to include, in addition, two hard boiled eggs.

Hardest Work

Driving five ton automobile trucks is the hardest sort of physical labor and the members of these first American armed forces are picked men. The hours are irregular and during battles turns on duty may continue for days at a time. The great trucks must lumber along in range of enemy shells.

Physical labor, the hardships of service, the dangers of the firing line, none deter the Americans. All they demand is to see actual service in the quickest possible time.

BIG SEA CLASH RUMORED

LONDON, May 25.—Violent cannonading has been heard on the shores of the Baltic, according to a report received here. Pronounced German naval activity in the Baltic is reported.

DEEP PROBE OF SHELL DEATHS IS DEMANDED

WASHINGTON, May 25.—An exhaustive probe of recent deaths and accidents aboard American ships due to defective ammunition was today demanded in the Senate by Senator Perlman.

SAYS U-TRADERS ARE IN PLYMOUTH HARBOR

SAN FRANCISCO, May 25.—The German undersea merchantman Deutschland lies in the harbor at Plymouth, England, and the Bremen, her sister ship, is on the Fifth of Fifth and 147 other submarines are at Plymouth, all captured by the British navy, according to Colwyn Jenkins, Australia importer, who is in San Francisco.

PRESBYTERIANS FAVOR NATIONAL SUFFRAGE

DALLAS, Tex., May 25.—The Presbyterian general assembly here today adopted unanimously a resolution favoring national woman's suffrage.

MOTHERS, BABES TO HAVE FINE BREATHING PLACES

P. T. Federation Committee
Plans Public Playgrounds
For the Summer

Supervised public playgrounds—and a place for mother—during the summer vacation will result from plans now under execution by a committee of the City Parent-Teacher Federation. The High School has already been selected as one of the places and the other school ground to be used is yet to be decided on. It will be in the northern part of the city.

Plans for financing the project have not yet been fully developed. The Women's Civic Club has donated \$100 and Washington School has contributed \$5. With these two contributions as nucleus, the committee is proceeding with the execution of its plans, and by the time school is adjourned for the summer everything will be in readiness to open the public playgrounds to the children of the city as well as parents.

The supervised hours will be for children from 5 to 12 years of age and the hours will be from 9 to 12 and 2 to 4, according to tentative plans. The grounds will be open to "boys" and "girls" up to 100 years of age at any time during the day, and children will be at liberty to go to the recreation grounds whenever they please, but they will not be under the supervision of a playground supervisor except at the hours named.

If the equipment and supervision of two grounds is decided on, two young women of the city will be selected as supervisors. The committee does not expect to have sufficient funds to em-

ploy two expert supervisors. The Board of Education has promised to provide the extra equipment necessary for the grounds, and this will relieve the committee from this expense. The following amusements will be provided at the high school, with possible duplication of most of them at the place yet to be selected: Two baby swings, two teeters, two big swings, a whirly-gig, handball and volleyball courts and a wading pond and a sandpile for little tots. There are six tennis courts at the High School now. An arbor is planned for the center of the playgrounds where mothers will find a shady and comfortable nook in which they can knit, read or visit while their little ones are enjoying the many delights to be offered by the public play grounds.

Marshall Northcross, high school gardener, has provided the committee with plans for the general lay-out of the grounds.

The committee has secured the endorsement of the Santa Ana Park Commission, and will keep the ball rolling until the grounds are thoroughly equipped and ready for use during three months of the summer.

The committee having charge of this important work is composed of Mrs. W. L. McCleery, Mrs. J. R. Baker, Mrs. H. J. Forgy and Miss Mary E. Taney.

IS VISITING HERE. SOON TO START TO FRONT IN FRANCE

Malcolm Tedford Ready to Do
His Bit Driving Ambulance
For the French

Malcolm Tedford, son of Mr. and Mrs. Walter B. Tedford of Santa Ana, is here on a brief visit, at the end of which he will be ready to start for France as a member of the American Ambulance Corps. He will stop at Taft for a visit of two days with his brother, Dr. Granville Tedford.

Tedford is one of twenty-one Stanford University men who will enlist at New York for six-months' service in the ambulance corps. "We enlist under the French government," said Tedford. "The ambulances are all alike and all Fords."

LAS CHIPAS MINE IS SEIZED BY SONORA

DOUGLAS, Ariz., May 25.—Confiscation of the famous Las Chipas mine in the rich Arispe mining district of Sonora, by the state officials in charge there was reported today by A. Pedrazzini, superintendent of the property, who arrived here early today after a perilous flight across the national boundary. Working the mine for its valuable ore are a number of Mexican soldiers, who, according to Pedrazzini, are carrying the quartz away. Following Pedrazzini's protest to the state government, agreement was reached to restore the property upon certain drastic restrictions. Negotiations are expected to proceed upon the arrival here of R. C. Duroucq from El Paso, who represents the board of directors of the property. The mine has made the owners millionaires, Pedrazzini declares.

SOLDIERS GET SMOKES VIA CIGAR DEALER

LOS ANGELES, May 25.—Samuel D. Schwartz, cigar dealer, is trying to supply as many soldiers as he can with cigars, cigarettes, and smoking tobacco. A box on the counter of his store is adorned with a card informing customers everything they put there will go to Uncle Sam's fighting men. Each night Samuel finds in the box generous numbers of cigars, cigarettes and pipe tobacco packages which customers have contributed. Many men buying two cigars, give one to the soldiers and others drop a cigarette, a half package or a full package.

ILLICIT LIQUOR TRADE IN ARIZONA IS HIT

DOUGLAS, Ariz., May 25.—The "bootleggers' signal corps," by means of which the Arizona authorities have been frustrated repeatedly in attempts to capture illicit liquor, was hit in a new manner today, when Justice Dunlap today gave Amos Pruitt a six months' suspended sentence. When arrested, Pruitt had no liquor, but he was driving a small auto ahead of two autos loaded with booze. Pruitt, when stopped by authorities, immediately signalled the cars, half a mile back, and they escaped. Under the law, Pruitt is equally guilty.

ALIENS' DISMISSAL DEPLORED
WASHINGTON, May 25.—Declaring that the "doubtful zeal" credited to some large employers of dismissing aliens because they have not yet completed naturalization, "is contrary to the spirit of the President's proclamation of April 6," a statement that has been issued here advises employers not to dismiss such aliens.

BALFOUR PRAISES U. S.
WASHINGTON, May 25.—What the United States has accomplished in the forty days since the country entered the war was declared most remarkable by British Foreign Secretary Balfour in a farewell address in which he expressed thanks for the kindness shown the British mission during its stay in America.

SIX HUNDRED RED MEN TO SWEEP DOWN ON S. A. TOMORROW

Dedication of New Hall By
Local Tribe Will Bring
Hundreds to City

Six hundred or more Red Men from various Tribes in Southern California will sweep down on Santa Ana tomorrow afternoon and evening for a grand pow-wow as an incident in the dedication by Osage Tribe of Santa Ana of the new hall just completed for it in the H. W. Lawrence building on West Fourth street.

The carnival of fun at the new hall will be in full swing tonight, tomorrow and tomorrow night. A big parade will feature the Saturday evening festivities of the Red Men, with "bad Indians" present from the Tribes at San Pedro, Los Angeles, Long Beach, Pasadena, Redlands, San Diego and other Southern California cities.

The carnival has all the features of a street carnival except that it is being conducted in the hall instead of on the street. Tonight and tomorrow night jitney dances will be run from 7:30 to midnight, with concessions in the hall to interest and entertain. Confection and serpentine throwing will be features of the evening dancing, and the management is doing everything possible to make the event one of the most successful lodge affairs ever conducted in the city.

Osage Tribe No. 166, which is the Santa Ana lodge, dedicated its new hall last night, the ceremonies being conducted by Great Sannap C. G. Seleck of San Diego. Preceding the ceremonies a large class of novices was initiated into the mysteries of the order, the work of the Adoption Team in the initiation being highly praised by the visiting officials.

Geoffrey Williams, M. D., Physician-Surgeon, 1241 W. Third, 1302-M.

BRITISH WAR ENVOYS END AMERICAN VISIT

WASHINGTON, May 25.—The British mission left Washington last night and will cross the Canadian border some time this morning. This concludes their visit to America.

BODY OF SEN. LANE IS BOUND FOR PORTLAND

SAN FRANCISCO, May 25.—The body of Senator Harry Lane of Oregon, who died at a San Francisco hospital Wednesday night, today is bound for the family home at Portland, Ore., aboard the Oregon Express. Mrs. Lane and sister accompany the body. Monday night the delegation of senators which will represent congress at the funeral on Tuesday, will arrive in Portland.

BEAN PLANTING NEED TOLD BY WAR TRAIN

LOS ANGELES, May 25.—Two cars of the ten-car "National Preparedness" train which now is traveling over the Salt Lake lines in Southern California, are contributed by the University of California and devoted to telling one story—the necessity for planting beans and sorghums. The train is attracting much attention wherever it stops. Exhibits from Utah and Nevada complete the train, which will make its last stop at Los Angeles Monday.

BIG MARKET DAY PROMISED FOR TOMORROW

With attendance at the public market increasing every market day, Market Master Balderston is increasing the number of stalls and tomorrow expects the biggest day since the market opened both in number of buyers and sellers, if inclement weather does not prevail.

In addition to the usual supply of fine vegetables, fish, rabbits and poultry will be on sale tomorrow.

Farmers who have been selling on the market have been liberally patronized by the residents of the city and have cleaned up their stocks on sale quickly.

The municipal market is located at the Birch street park, corner of Third and Birch streets.

Cozy, airy bungalows; single and housekeeping rooms. Bungalow Apartments, over Postoffice.

ITALY FAVORS U. S. THINGS
ROME, May 25.—Italy's fad of the hour is anything and everything "American." The Romans toast Uncle Sam in Manhattan cocktails, then go and see movies entitled "The Invasion of the United States," "Civilization" and "The Mysteries of New York," the latter a series of shuddering melodramas.

WEATHER BALKS S. S. FOLK
Owing to weather conditions, the Sunday school class of the Christian church will not participate in the picnic that will be held at Orange County Park tomorrow by the Sunday Schools of the Christian churches from other county cities, it was today announced.

205 EAST FOURTH

OPERA HOUSE BLOCK

FEATURE STORY FOR THIS DAY BY UNITED PRESS

BY LOWELL MELLETT
(United Press Staff Correspondent)

LONDON, May 1 (by mail).—English society has sidetracked most other activities for the serious business of picking a bride for the Prince of Wales. The Prince himself, somewhere in France, is woeing the fortune of war, probably unaware of the concern he is giving English society.

Society's cause for concern is the fear that the Prince may follow the precedent of preceding heirs to the throne and marry a foreign princess—even German one, for which the precedent is very recent. And society—spelled with either a small or a capital "S"—isn't going to stand for anything like that. "A British Queen for the British" is becoming society's motto and it has passed from whispering tea-time circles to the bold publicity of the newspaper editorial page. Conservatives and radicals alike are declaring it.

"So far as Britain is concerned the German royal matrimonial emporium henceforth is a bankrupt and discredited concern, and the marriageable members of our royal family will be pleased to look for consorts nearer home."

This is from Northcliffe's conservative Weekly Dispatch.

"We want no more foreigners in our royal family. It is not their fault, it is their misfortune, that they are pure German in blood, and that whenever and wherever a royal prince or princess is born it is pure German in blood. There is no British blood in our royal family. The remedy is obvious."

That from the radical Evening Star. "English opinion, at the present time, would rather see a British prince take his wife from the chorus or the gutter than from the German royal house. And that, of course, is not the alternative."

So chimes in the Manchester Dispatch.

These newspapers and others are urging revision of the Royal Marriage Act, whereby princes of the royal line are practically compelled to marry foreign princesses. The law was passed in 1772 as the result of George III's anger at two brothers who married English ladies of far from royal rank. It has had many awkward consequences, since outside of Germany nearly all reigning houses are Roman Catholic, with whom an alliance would be impossible for the head of the Church of England.

This causes a correspondent of the London Times to say:
"The Russian royal family are not barred on religious grounds, but after

the recent revolution it would be a blazing indiscretion for our court to bring about an alliance with them. The royal families of Italy and Belgium are barred by Roman Catholicism and the French Bourbon and Orleans princes or pretenders are equally ineligible for that reason or for the offense which would be given the French Republic."

Almost all discussions of the subject, therefore, get back to principle of a British bride for the heir apparent.

As terrible examples of German alliance the ex-Tsaritz and Queen Sophie of Greece are held up. The one is belived to have exerted great influence over the Czar and the other to have aided materially the Kaiser's control of King Constantine.

The German Queen Mother of Holland and the German Queen of Sweden likewise are held up to view as instances of danger, while the Manchester paper brings the matter closer home, by saying:
"Even in England the position has not always been as clear as one would have liked to see it. We have seen a royal mother opening bazaars in our midst while her son was in arms against us. We have seen the brother of a royal prince who fought and died for England fighting for Germany and telling an American reporter that he hoped the fact of his defection had not caused him to be struck off the list of members of his London club."

The masses will not insist on the maintenance of the old system, the Dispatch says: "They always take the romantic view of affairs of the heart."

JOFFRE SHIP EVADES DIVER

PARIS, May 25.—Suddenly changing its course, the steamer bearing Marshal Joffre and other members of the French mission, evaded a possible attack by German submarines, it is reported. A warning was sent the steamer by wireless.

LIQUOR BAN IN EFFECT

NEW YORK, May 25.—The law forbidding sale of intoxicating liquors to any members of the military forces in uniform became effective May 18, the day it was approved, and will be rigidly enforced, was the warning given to hotel proprietors, cabarets and all liquor dealers in this city by the Federal district attorney.

HOLD LAST TRACK MEET

PEORIA, Ill., May 25.—The last track meet until after the war in the "little 19" circuit was staged here today when athletes took the field for the Illinois intercollegiate annual.

SMOKE BOMBS SAVE SHIPS

NEW YORK, May 25.—Thrown by hand and igniting on striking the water, smoke bombs are now being successfully used to protect merchant vessels in the submarine zone, according to word here. The bombs throw off dense clouds of smoke, shrouding the vessels.

CLOTHES MAKERS MEET

CLEVELAND, O., May 25.—Clothes manufacturers meeting here today are to petition congress to ask England to lift the embargo on wool. Philip Frankel, secretary of the National Cloak, Suit and Skirt Manufacturers' association, says that the wool embargo has hit the clothing business hard.

TRAINING CAMP SITE IS TORREY PINES MESA, SAN DIEGO

Selection of Camp Location Announced In Telegram From Gen. Liggett

Because Orange county had not within its confines a tract of level unproductive land sufficient for the requirements of the army concentration camp, the county has lost the big training camp.

San Diego gets the plum. Official announcement of this fact was made by General Liggett, commanding the western division, in a telegram to Frank J. Belcher, chairman of the San Diego committee offering the site there.

The San Diego site is located on the mesa to the east of Torrey Pines grade, about five miles inland from La Jolla and about fifteen miles from San Diego. The tract is offered rent free, with San Diego obligating itself to provide the tract with water and railroad facilities.

General Liggett advised the committee of the selection of the site in the following telegram to Belcher:

"In reference to your telegram of May 21, signed by you and other residents of San Diego, your proposition to give the government a five-year lease, rent free, on approximately 8000 acres on Linda Vista mesa is accepted. Map mailed to you tonight showing location of cantonment. Request that you proceed at once to carry out your further agreement to provide piping of city water to cantonment and to deliver gas and electrical energy and to secure construction of spur track from main line of Santa Fe, also to construct and maintain necessary high-ways to cantonment. I shall further recommend to War Department to locate permanently a cantonment and approximately a division on this site, contingent upon donation to the federal government of the necessary land for training purposes."

Thirty million feet of lumber will be necessary to erect the officers' quarters, barracks and store houses for the division that will be stationed at the new cantonment beginning in August, according to statements made yesterday by Colonel J. P. O'Neill, commanding officer of the Twenty-first Infantry, who will represent the army on the ground in the preliminary work incidental to construction. The rough lumber will cost \$300,000, lumber dealers estimate.

Two thousand structures will be built at the cantonment for the accommodation of the troops, officers and their equipment. Fear is expressed that Southern California will be unable at this time to produce the thousands of carpenters, pipe fitters and other skilled and unskilled workmen that will be necessary to put the cantonment in shape at the earliest practicable moment. The sums to be expended in labor alone, it is estimated, will amount to more than \$200,000. This makes an initial expenditure of \$500,000 for labor and lumber, and, with other supplies, the amount will reach close to \$1,000,000.

The depot quartermaster's office, which will be at the San Diego cantonment, will expend nearly \$1,000,000 a month in supplies for the division of troops. The monthly payroll of the troops, including officers, will average close to \$1,200,000.

The 30,000 men who will be sent to San Diego early in August will need 60,000 uniforms, 60,000 pairs of shoes, 50,000 pairs of gloves, 60,000 hats and thousands of other articles of wearing apparel.

POTATO THIEF ROUSES FIRE IN ANGEL CITY

LOS ANGELES, May 25.—A potato thief has blasted the hopes of several boys of attending college, seriously discouraged many others and caused a wave of righteous indignation in the Co-operative Agriculture Club, a boys' organization here. The boys had planted potatoes in a vacant lot and were depending on the profits from their studs to help pay their college tuition. Just as the crop was maturing the thieves or thief began to operate. Several hundred pounds were stolen and the growing vines badly damaged.

MEMBERSHIP OF BOY SCOUTS TO BE ENLARGED

Interest Is Being Aroused By Men Identified With Scout Work

Increase in the membership of the Boy Scout troops of the city is now receiving the special attention of men to have been prominent in the activities of this organization of boys. There are now six troops in the city with a total membership of about 140 and it is hoped to double this number in a short time. The usual limit of membership in a troop is thirty-two, and some troops now exceed this number, and an enlargement of the total membership will result in the organization of other troops. Troop No. 3, the Spurgeon Memorial Church, has the record for membership, the number of boys identified with it being forty-four. A. M. Davis is Scoutmaster.

Display of camp equipment used by Boy Scouts is now on display in one of the windows of Sam Stein's book store. It is attracting considerable attention. A number of pieces of equipment belonging to Eagle Patrol Troop, which R. L. Bisby is Scoutmaster, are on loan for the exhibit. A small khaki suit, cooking utensils, etc., are on display.

Instructor to Be at Headquarters Every Saturday to Advise Women on Work

PERSHING SLATED FOR LIEUTENANT GENERAL

WASHINGTON, May 25.—Soon after Major General John J. Pershing leaves for France, or very soon after he arrives there, he will receive the rank of lieutenant general, it was reported on high authority as General Pershing left the conference with President Wilson, when final plans for participation of the American troops at the French front were made. It is expected that the President will send General Pershing's name to the Senate for promotion within a few days. Rear Admiral William S. Sims is to be appointed a vice-admiral by President Wilson, Secretary Daniels announced.

IMPORTANT BILLS ARE SIGNED BY GOVERNOR

SACRAMENTO, May 25.—Governor Stephens has signed the workmen's compensation bill and a measure relating to control of community property, both by Senator Luce, and Senator Kehoe's inheritance tax bill. The Luce bill reduces the waiting period after injury during which compensation is not payable from two weeks to ten days, the injured employee is given choice of physicians and payment of compensation is made compulsory. The inheritance tax bill exempts the widow's half of community property from taxation. The community property law provides that all such property, both real and personal, shall be subject to control of both husband and wife.

BOPP'S COIN WENT TO 'OBSERVER' IS CLAIM

WOODLAND, Cal., May 25.—German Consul Franz Bopp financed the work of Captain H. Weber, German "Observer," held here as a spy suspect, according to statements which federal agents today announced Weber made to them.

NO FAREWELL SAID BY DR. WAITE BEFORE DEATH

OSSINING, N. Y., May 25.—Submitting quietly to the ordeal of being strapped in the electric chair and going to his death without a word of protest or good-bye, Dr. Arthur Warren Waite, confessed murderer of his father-in-law, John E. Peck, of Grand Rapids, Mich., was electrocuted at Sing Sing prison at 11:10 o'clock last night. His firm step en route to the death chamber faltered but once, but the prisoner recovered quickly. Three shocks were administered within four minutes.

DARCY'S BODY MAY BE SENT TO AUSTRALIA

MEMPHIS, Tenn., May 25.—Les Darcy's body will probably be sent to his home at West Maitland, Australia. A telegram has been sent to his parents and the body will be held pending instructions from them.

NEW YORK, May 25.—Just before Ted Lewis and Mike O'Dowd started on their ten-round bout in St. Nicholas rink last night, Joe Humphreys, announcer, stepped to the center of the ring.

"I ask every man here," he said, "to stand with his hat off for a minute in memory of a boxer who came to us and never was given a chance. I believe every one here will understand me when I say 'God rest the memory of Les Darcy, martyred pugilist'."

BLACK WALNUT CAUSE OF HAY FEVER, CLAIM

CHICO, May 25.—The black walnut is blamed for the prevalence of hay fever in the Sacramento Valley by Dr. H. M. Hall, assistant professor of economic botany of the University of California, and Dr. Grant Selfridge, San Francisco physician. For four years they have been trying to trace the "sneezes" to its lair. Suspicion centered on the black walnut and recent examinations of patients have convinced them that the guilty party has been located.

EAT MORE CORN

"Eat more corn!" is coming to be a familiar slogan. Food conservationists are urging "corn bread days" on their cities and states. The papers and magazines are full of recipes for the preparation of delicious corn dishes which were once familiar in nearly every American household, but of which the present generation seems to have grown up in ignorance.

It's one of the most valuable constructive suggestions put forward in this whole national food campaign. Corn is our biggest crop. It is the one cereal with which nature has peculiarly blessed us—we raise far more of it than all the rest of the world together. It is food for man and beast, but we've been leaving nearly all of it for the animals, eating only a trivial 200,000,000 bushels or so ourselves. We could profitably consume many times that much at our tables, thereby nourishing ourselves just as well, at considerably less expense, and relieving the wheat scarcity.

The great corn-growing sections have been doing their part. Kansas has had many thousand tractors working day and night, plowing up all available areas, including ruined winter wheat fields, in preparation for a bumper corn crop. She will have more than 8,000,000 acres in corn this year, 2,000,000 more than ever before. Iowa and Nebraska have been doing likewise.

In all probability there will be a vast production, more than making up for any other cereal deficiency. If necessary, the nation can live on corn, and the world can. And it won't be a bad living, either, if housewives realize the full possibilities of this glorious, golden food.

AGAINST LOAFERS

"We propose to do things in Mississippi in this hour of extremity when people tell us we can't raise our own food," says Governor Bilbo in a formal proclamation to the people of his state. He therefore commands "all loafers, slackers, idlers and parasites to leave the state or take a licking." Local committees are expected to round up the loafers, slackers, etc., and give them their choice between the job or the licking.

This is language that makes itself understood. The most inveterate loafer will see the point and feel the force behind it.

Mississippi isn't alone in her campaign for war-time strenuousness.

Word comes from Washington that no idling is to be tolerated while the war lasts. There is a national drive against loafers. The government is co-operating with the authorities of our large cities, where loafers most congregate, in a plan to make all able-bodied citizens who refuse jobs go to work either in workhouses or on highways or on farms.

It's an admirable campaign. In the presence of national need and a world crisis, there must be no shirking, either military or economic. Every man, rich or poor, strong or feeble, should be expected to work at whatever occupation he is best fitted for, according to the measure of his ability.

The war is a contest not only of national ideals but of national vigor and efficiency. Now, as in our early colonial days, the good old rule should prevail, "He that does not work shall not eat."

With Malice Toward None

By Henry James

Caring for the Aged

Daily papers recently stated that a couple far in their eighties had been sent to Patton on the suggestion of their son.

Often there has been agitation of a plan for pensioning the aged or for otherwise protecting them from hardship. To send them to a hospital or to a lunatic asylum, is a course never advocated in any of the discussions I have observed.

In relation to this unusual commitment, nothing was said as to the mental condition of the venerable man and woman. It is to be assumed that they are beyond the activities involved in taking care of themselves. It may be assumed also that the son of parents in the eighties is not a youngster. How would the thought of being shucked into a lunatic asylum appeal to him as a possibility of the future? Does a man owe anything to his parents? If society adopts the par-

How much was your last suit of clothes worth?

That question has nothing to do with the price you paid for the clothes; it refers to what you got for it

YOU may be financially so fortunate that you don't care what you pay for clothes; but you're certainly unfortunate if you don't care what you get for the money; and as for the man who has to be a little careful of what he spends, he really ought to be all the more careful what he gets.

And the strange thing about him is that he usually isn't so careful. He buys clothes because they're low priced; or because they're made-to-order—so-called—at a price as low as fine ready-made clothes, forgetting that the thing which makes made-to-order desirable, can't be had at a low price; or he buys what looks good to him, without knowing much about it.

What you get for your money in clothes depends on who made them. Some makers can't afford to make poor clothes; they have set so high a standard of quality, and have made so great a reputation for maintaining that quality at whatever cost, the saving by cheap materials and low grade tailoring would be too costly.

That's the kind of clothes
Hart Schaffner & Marx make

That's the reason we sell them; it's the reason you ought to buy them; it's the reason why every man in Santa Ana ought to insist on having them, and no others.

Of course, a lot of you will not agree with us; but that's up to you. We're telling you something

W. A. Huff Co.

The home of Hart Schaffner & Marx clothes

ents, does the son owe anything to society?

There is believed to be such a thing as filial affection, but it does not get into the system of all sons.

Harry Thaw

The governor of Pennsylvania has refused to turn Harry Thaw over to the New York authorities, probably on the ground that once turned over, unpleasant things might happen to the undesirable.

In Pennsylvania the Thaws have the advantage of being mightier than the courts. So that is the place for Harry. In a little while his people will have him declared sane again, and once more will be a pest and a menace.

Somebody has declared that it is the unexpected that happens. In isolated instances this is the case. Ordinarily it is the expected that happens and it has happened this time.

Tales That Get By

A story just completed in one of the magazines has for a hero a man who worked himself through a big university, won all the honors in the class, was a general favorite and of striking personal charms. Soon after graduating this man fell heir to an immense pile of millions. Then the author sends him to a hotel where the crack university man makes a bigger fool of himself than the veriest yokel could have done on his first visit to the city. For example, he drinks four cocktails, all innocent of the fact that cocktails have the quality of intoxicating. He is unsophisticated, doesn't know how to wear clothes, how to greet a lady, how to eat food, how to be anything but a boob.

Chaps who write about things that are supposed to happen would make

a hit by causing them to happen in accord with the rules, if not of actual experience, at least of human possibility.

One More Grief

Why is the golf story? Perhaps, taking the country over, one person in 10,000 is mildly interested in golf, and one in 25,000 knows enough about it to give the caddy a chance to laugh at him.

Good players are numbered by the score, indifferent players by the hundreds, and experts you count on the fingers of your two hands.

And most of the individuals with a golf outfit are using it, and too busy to read. Which accounts for the query.

An Incorrect Sentence

Somewhere in California a Mexican has been sentenced to wear an American flag.

I do not want anybody to wear an American flag if it is necessary to hogtie him while the emblem is being pinned on.

No Apology

Many newspapers are raising their price and most of them seem inclined to apologize for it.

When one bows to the inevitable and everybody has recognized the inevitable, no explanations are necessary.

Congratulations

The Kaiser has congratulated the crown prince upon having reached the age of twenty-five.

Merely to reach such an age is nothing to brag about. Many incompetents besides the crown prince have done it. However, at this writing the

c. p. has a whole skin, and from his point of view that's something.

Impudent Fashion

A newspaper article is headed Fashion's Demand on School Children and instead of being an arraignment of fashion for such impudence, is an endeavor to show how to comply with the demand.

Many outrages are committed by fashion, but none worse than this attempt to direct the youthful mind from normal and useful engagement.

CLABBY AUSTRALIAN
MIDDLEWEIGHT CHAMP

SAN FRANCISCO, May 25.—Jimmy Clabby, middleweight champion of Australia! Clabby won his title by defeating Tommy Uren in Sydney a few weeks ago. Reports from Australia state that Clabby is far from being the Clabby remembered by boxing fans throughout the United States, the Clabby who whipped George Chip and made Mike Gibbons hustle like he never did before or has since. Clabby, incidentally, announced his retirement after losing to Fred King, welterweight champion of Australia, as did Eddie McGoorty, who also has gone back. Now McGoorty wants to box Clabby for the title that once belonged to Les Darcy.

CLEAR YOUR SKIN IN SPRING
Spring house cleaning means cleaning inside and outside. Dull, pimply skin is an aftermath of winter inactivity. Flush your intestines with a mild laxative and clean out the accumulated wastes; easy to take; they do not gripe. Dr. King's New Life Pills will clear your complexion and brighten your eye. Try Dr. King's New Life Pills tonight and throw off the sluggish winter shell. At druggists', 25c.

PACKER'S CAR KILLS MAN
SAN FRANCISCO, May 25.—George Doran was instantly killed and two other men, a woman and child were injured when an automobile belonging to J. S. Armsby, a well-known packer, tumbled over a bank in Mill Valley.

"The Bond Between"

A play that is chuck full of humor, with here and there a sweet touch of pathos. The story of four old cronies—a French violinist—a German sculptor—a Hungarian cello player—and a Russian artist—four old chums, one with an ingrowing grudge, one with a sweet father's love, one with a love for his music, one with a love for his art, and yet all with a love for each other. The play was written by Mr. Beban, and will give you more solid enjoyment than you have witnessed for many a day.

SEW FOR RED CROSS

Mrs. L. M. Doyle Hostess Yesterday Afternoon to St. Joseph's Altar Society

A very delightful meeting of the Altar Society of St. Joseph's Catholic church was held yesterday afternoon at the pleasant home of Mrs. L. M. Doyle on French street. Despite the disagreeable weather the meeting was well attended and while the merry group chatted, many carpet rags were sewed.

The rooms were bright with fragrant sweet peas and late in the afternoon Mrs. Doyle served delicious strawberry gelatin with whipped cream, cake and coffee.

The next meeting will be for business and will be held at the rectory and following that the society will hold a gathering at which sewing for the Red Cross will be done.

Those present yesterday were: Mrs. C. V. Davis, R. R. Shafer, F. J. Wagner, Charles Schmiedberg, Louise Waite, George W. Young, Charles Bevis, J. A. Maag, E. B. Collier, Olive Lopez, J. H. Alton, Annie Owens, John Rudolph, R. H. Tutill, Antone Borchard, Charles Borchard, Carl Klatt, Henry Dierker, H. E. Dierker, V. A. Rositer, Fishburn and Miss Elizabeth Easton and Miss Katie Anselmino.

Latin Classes Entertain

The two senior Latin classes of the high school entertained guests on Wednesday evening with an interesting program in the music room. A play in Latin, "The Sibylline Book," was well enacted. Miss Doris Schenck sang "Lauriger Horatius" and a group of students portrayed the death of Julius Caesar, following a burlesque of the funeral of the great Caesar.

David Smiley made a stirring parody on the famous speech by Mark Anthony, "Friends, Romans, Countrymen." Georgina German also made an inspiring speech.

Wines were substituted for the meat usually used at Roman funeral pyres and the evening's fun closed with a feast.

Informal Kensington

A coterie of friends of Mrs. A. B. Spear gathered yesterday afternoon at her home on South Ross street and spent the time with needlework and social chat. The rooms were bright with sweet peas and the gray weather outside proved no deterrent to the happiness within.

Before the guests departed, Mrs. Spear served tempting refreshments, the table being centered with a bowl of the fragrant blossoms. Sixteen guests enjoyed the informal afternoon.

Country Club Party Tonight

The informal card party at the Country Club will be held tonight, rain or shine. While the weather is threatening, there is no probability of a hard rain.

WHEN IT RAINS IN MAY

Not a trace of smiling sun
Only huge clouds, grey and dun.
Hide our sapphire sky
throughout the livelong day.

And we sputter and we fret
At the chilliness and wet,
When it rains in California in May.

Oh, we do not mind a shower
By the day or by the hour,
If it happen in December to occur.

And in April we may smile
If it rain a little while,
And in March we never enter a demur.

But in May, 'tis not our plan—
We are peevish, to a man.
When the sun is cov, and
raindrops patter down;

Every merchant in the place
Wears a frown upon his face,
And a spirit of resentment
rules the town.

And a dull and dreary pall
Shrouds the tourists, one and all,
And they chatter in a most
abusive way;

For they've sadly been deceived,
And they're hurt and sore and
grieved,
When it rains in California in May.

Then the farmer folk come in
With their faces all a-grin,
For their crops are being
watered free of charge;

And complacently they view,
Through the damp air's dismal
hue,
The raindrops falling, fast
and round and large.

Oh, this southern land is dear,
Winter, summer, all the year,
In our hearts it holds the
highest place always;

'Tis of earth the fairest spot—
But we'd really rather not
Have it rain in California in May.

—Edith Grensted Rochester.
Santa Ana, Calif., May 24, 1917.

FAREWELL PICNIC

Mrs. Mary Matthews Leaves Soon For Long Trip, Enjoys Day At Balboa

In honor of Mrs. Mary P. Matthews who leaves on the last day of the month for an extended trip East, during which she will visit points in Nebraska and about the Great Lakes, a picnic party was formed to Balboa yesterday, automobiles leaving here about 10:30 in the morning.

The Parsons cottage at Balboa was headquarters for the party and a bounteous dinner was served at noon. Besides Mrs. Matthews, those who enjoyed the day were Mrs. Mina Taylor, Mrs. J. H. Turner, Misses Carrie Graham, Katherine Cubbons, Margaret Orr, Margaret Wakeham, Inez Cloyes, Anna O'Donnell and Pauline Parsons.

Reception for Mother
Mrs. T. P. Wiseman of West Fifth street was hostess at a delightfully informal reception yesterday afternoon in honor of the seventy-ninth birthday anniversary of her mother, Mrs. W. B. Keller.

The home was adorned with spicy pink peas and the affair was a surprise for Mrs. Keller, who happily greeted a large number of her friends during the afternoon. Punch and wafers were served the callers.

Picnic Postponed
The Bible school picnic of the United Presbyterian church will be postponed on account of the uncertainty of the weather.

INSPIRING INSTALLATION

Judge Thomas Officiates At Ceremonies, Following Elaborate Banquet

The new officers of Santa Ana Commandery, No. 36, were impressively installed on Wednesday evening by Judge W. H. Thomas, past commander, assisted by Past Commander E. H. Luxton, following an elaborate banquet faultlessly served in the banquet room.

The long tables were beautifully decorated with carnations and carrot fern, the colors of the commandery, red and gold, being carried out through all the appointments. Covers were laid for about 125, including the occurrence and looked forward to with pleasant anticipation by the ladies.

The scene was a most impressive one, the Knights Templar being resplendent in their uniforms and the ladies in their pretty gowns.

Following the installation ceremonies there were interesting speeches by Judge Thomas, Rev. Lloyd Darsie and the new Eminent Commander, Arthur Staley.

Prof. Harry Garstang had charge of a delightful musical program, in which Maurice Phillips played with a vocal solo, Mrs. Charles Brown favored with whistling numbers and Mrs. Margaret Caldwell Gehrett gave appreciated vocal selections.

The new staff includes the following officers:

Eminent Commander—Arthur Staley.
Generalissimo—Charles D. Brown.
Captain General—Walter Eden.
Prelate—William Clayton.
Senior Warden—Walter Wray.
Junior Warden—G. H. Randall.
Treasurer—E. E. Vincent.
Recorder—B. Utley.
Standard Bearer—A. N. Zerman.
Sword Bearer—A. E. Koepsel.
Warder—C. S. Chapman.
Sentinel—George E. Robinson.
Third Guard—W. A. Knuth.
Second Guard—H. A. Marks.
First Guard—L. C. Mitchell.

P. T. A. ELECTS

Washington School Has Interesting Meeting, Hear Dr. Williams' Fine Talk

The P. T. A. of Washington school met yesterday afternoon in the music room of the school building and despite the threatening clouds, many interested patrons and friends gathered to enjoy the last meeting of the year. Following the usual business routine, officers for the coming year were elected as follows:

President—Mrs. W. H. Thomas.
First Vice-President—Mrs. J. H. Stephenson.
Second Vice-President—Mrs. A. T. O'Rear.
Recording Secretary—Miss Brokaw.
Treasurer—Mrs. Lowman.
Parliamentarian—Miss Hardy.

The association is indebted to the outgoing president, Mrs. H. J. Forgy, who has filled her office so efficiently and whose never-tiring interest in the welfare of the school has done much to bring about the results of a most successful year. Mrs. Forgy expressed in her gracious manner her appreciation of the sympathetic assistance of the teaching staff and those who have contributed toward the upbuilding of the association.

Miss Vaneche Plumb, the principal, gave an interesting resume of the year's work and expressed in earnest words her desire to co-operate at all times with those having at heart the furtherance of child welfare.

An appeal has been made to the association by the "Seaside Home" at Huntington Beach for assistance in its commendable work. The home asks that any one having articles of furniture, such as beds, dressers, chairs or rugs, and are willing to give them toward the furnishing of tents for the accommodation of tired mothers who might be benefited by rest at the beach, may communicate with Mrs. H. J. Forgy or Miss Streckenbach.

Mrs. W. B. Tedford gave an impromptu talk along lines of juvenile work, which was received with much interest.

The address of the afternoon and one that has been looked forward to with anticipation, was given by Dr. J. Harold Williams, director of research work of Whittier State School, whose subject was "Scientific Study of Juvenile Problems." Dr. Williams is a psychologist of more than state-wide note and his clear and intelligent presentation of the subject deeply impressed his audience.

We are told that our institutions for the weak-minded are full to overflowing, that out of 1000 school children taken at random 20 are feeble-minded and that public charges, instead of decreasing, are increasing. When asked as to the solution of the problem of the feeble-minded, Dr. Williams re-

POMONAN IS GRAND PRELATE OF PYTHIANS

REDDING, Cal., May 25.—Chosen after three ballots by a vote of 202 to 201, Walter Guerin of Pomona today is grand prelate of the Knights of Pythias, the defeated W. F. Bates of Oroville in one of the most exciting contests in California Pythian history. Eight candidates originally were in the race, the first two ballots eliminated all but Guerin and Bates. Ventura was named the next convention city. So much time has the election consumed that it is doubtful if the Grand Lodge can reach adjournment by tonight.

S. F. HIGHER-UPS ARE LINKED WITH PLOTS

SAN FRANCISCO, May 25.—Names of prominent San Franciscans have been linked with the federal grand jury of plots centering here to overthrow British rule in India, which is in progress. Robert Capelle, agent of the North German Lloyd Steamship Company is accused of having acted as field agent for Germany in backing the Hindu plots, while Franz Bopp, former German consul, former Vice Consul Baron von Schaack, Lieut. Wilhelm von Bruckman and von Bruckman's secretary, Charles Lattendorf, are said to be involved.

ESCADRILLE CHIEF SLAIN

PARIS, May 25.—Falling from a great height, attained by an almost perpendicular climb, Captain de Laage, commanding the American escadrille, was instantly killed on the Somme front. The motor suddenly stopped and the airplane dropped to earth, crushing Laage.

HONOR U. S. OFFICERS

PARIS, May 25.—The American Club of Paris has decided to permit all American army and navy officers on duty here to become honorary members of the club without payment of fees, until the war ends.

MEETING OF A. C. YORBA LINDA POSTPONED

The May meeting of the Associated Chambers of Commerce which was to be held at Yorba Linda, Tuesday evening, June 5, has been abandoned. The regular date, the last Wednesday in May, conflicted with Decoration Day. Since setting the date for June 5 the government has taken over that day as Registration Day for the army, and resident Krause has decided to abandon the May meeting and the June meeting will probably be held at Yorba Linda.

WOMAN GALE CENTER AS SHE CALLS FLAG 'DOLLAR MARK EMBLEM'

LOS ANGELES, May 25.—Protesting against what she termed "enforced patriotism" in public schools in an impassioned defense of David Siminow, a pupil whipped for refusal to salute the flag, Mrs. Tululoo M. Hicks, principal of the Children's Socialist Lyceum, brought down a storm of reproach upon her head today when at a board of education meeting she called the American flag "the emblem of the dollar mark." Mrs. Hicks is waging a fight against corporal punishment of pupils who refuse to salute the flag of stand while the "Star Spangled Banner" is sung or played.

"The children have been taught the meaning of this war," Mrs. Hicks declared. "They know it is not a war of patriotism but a war of commerce."

cialism. The flag no longer stands for freedom, but for the dollar mark."

At the conclusion of these words Mrs. Hicks was interrupted by a battle of words launched against her by every member of the board.

The board decided to make a test case of the whipping of young Siminow to establish the legality of corporal punishment for refusal to participate in patriotic exercises. The fight is on in earnest.

STATE DIVIDED INTO LIBERTY LOAN AREAS

SAN FRANCISCO, May 25.—California has been divided into sixteen districts of from 2 to 6 counties each, to carry on the campaign for the sale of liberty loan bonds, according to announcement today by the liberty loan committee. Each of these districts will have its bond committee and local headquarters.

In San Francisco the sale of bonds is becoming brisk. In the mission district one bank has sold \$250,000 worth. Lodges, unions and commercial organizations are investing. It has been suggested that the district court allow investment in bonds of \$2,000, held by it belonging to public securities involved in litigation. Liberty bonds as graduation presents for students has been suggested to the San Francisco Normal school.

HOLD INQUEST OVER BODY OF PRADO GIRL

RIVERSIDE, May 25.—The coroner of Riverside county has held an inquest over the body of Florence Merideth, 20, daughter of Mr. and Mrs. J. P. Merideth of Prado, near the Orange county line, who was instantly killed when thrown against a Santa Fe train as the runaway horse she was riding crashed into it. The girl's neck was broken and one leg fractured. The horse was killed by the impact of the collision with the train.

Says She Never Knew of a Clause Requiring Her to Live With Her Husband

Between G. Fred Pressel and his wife Rosa, whom he married on April 5, differences have arisen, and today less than two months after their wedding day, Mrs. Pressel is suing her husband, charging that he practised a fraud upon her in relation to a deed to three acres of land at the corner of Santa Ana and Palm streets, Anaheim.

In an action begun today Mrs. Pressel asks the court to order the deed reformed to read as Mrs. Pressel says it should read. The paragraph of the deed that has brought the suit is one that states that she shall have no interest in the property unless she continues to live with Pressel as his wife for the rest of his life.

The complaint, filed by Los Angeles attorneys, alleges that previous to the marriage the project of the deed was talked over. Pressel deeded the property to C. A. Boege of Anaheim upon an arrangement whereby Boege should deed it back to the couple.

The complaint states that on March 20 Pressel proposed marriage and said he would deed the three acres to the woman. When the deed was made she took it to an attorney, who told her it was a community property deed, and she would get but half interest in it. She brought this matter decidedly to Pressel's attention, and he gave her a note for \$2500 in lieu of the other half interest.

Mrs. Pressel alleges that she was told by Pressel, and she had faith in him at that time, that the deed read as she wanted it to read. When it actually got of record the paragraph stipulated that she must live with Pressel else forfeit her right in the property was there.

After the couple married, came trouble. Mrs. Pressel says that Pressel's three grown children set out to make things disagreeable for her, and succeeded. Without reading the deed, Mrs. Pressel had placed it in a safety deposit vault, and in the period of her confidence in Pressel, had given him the key. When difficulties arose, she made a legal demand upon him for the key, got it, opened the safety deposit box and discovered the clause to which she objects. Evidently Mrs. Pressel does not intend to live with Pressel so

long as he shall live, and the court is asked to order the deed changed so that she gets a half interest in the property.

For the Plaintiff
Judge Thomas gave judgment to W. L. Grubb in the quiet title suit against A. R. Marshall. The action concerned rights and rights of way in a pumping plant and pipeline.

May Join Army
Harvey Price of Orange, charged with issuing a \$1 bad check, pleaded guilty this morning and asked for probation. He said he wants to join the army, and will join if given probation. Since a recruiting officer will be here Monday, the question of enlistment was not settled today, and until then the plea of guilty was withdrawn.

Mechanic's Lien
A mechanic's lien has been recorded by W. H. Bertram against Paul Bauer and property at Yorba Linda, for \$235.81.

For Citizenship
Riccardo Guglielmana, aged 24, born in Samolaco, Italy, has taken out his first papers of citizenship. He is a dairyman at Buena Park. He came to this country in 1912.

Sale Confirmed
This morning Judge West signed an order confirming the sale of five acres at Anaheim from the estate of Truman C. Griggs to Katherine N. Hyde for \$14,000.

Court Orders
Today a final decree of divorce was given Florence A. Campbell against Orva E. Campbell.

J. N. Anderson, F. C. Krause and B. Fisher have been appointed to appraise the estate of George Osher.

The trial of the action of the Birch Oil Company against the County of Orange, in which the Birch company is seeking to have its assessment for 1916 reduced to a small fraction of what is was made by County Assessor Sleeper, has been set for November 6.

Judgment of \$2208 was given in a foreclosure case brought by Crawford against Butterbaugh.

For Non-Support
A complaint has been sworn to charging Frank Haapanimi with non-support of his two children.

BABE GIVES EVIDENCE AGAINST ITS FATHER

LOS ANGELES, May 25.—The tiny hands of a baby that, outstretched toward her daddy, held the tell-tale bottle with which he is alleged to have beaten his wife, bore mute evidence that may send J. Nunez to prison today, even though the little shaver didn't understand. Nunez is on trial upon the charge that he beat Mrs. Nunez with a whiskey bottle, the same flask that baby used for a milk bottle. And before the court the child unconsciously offered the bottle as exhibit "A."

PLANS FOR BARRACKS AT PRESIDIO READY

SAN FRANCISCO, May 25.—Plans for barracks which will house 6000 men of the Twelfth, Sixty-second and Sixty-third regiments, to be located near the site of the Oregon building at the exposition grounds, were completed by military officers today and arrangements for immediate construction are being made. This will mark the beginning of the additions to the Presidio.

Gossip among the student officers at the Presidio training camp today is turned from missing pay checks to the resignation of three men from the camp "for business reasons." The resignations were accepted but the names were not made public.

CAFE CASH REGISTER 'CLEANED' BY BELLS

LOS ANGELES, May 25.—When three bells sounded in a downtown cafe early today, all wasn't well—not by about \$14 worth. It came about like this:

Bell One—Lone customer rings for admittance; orders "ham and."
Bell Two—Cook calls waiter to deliver aforesaid "ham and."
Bell Three—The cash register sounds a clang of warning all too late, for the lone customer, with the aid of a "gat" makes good his escape with the contents, \$14, and the waiter's job, who now says he'll join the army, as he never liked bells anyhow.

HELD IN CONTEMPT AS SHE HIDES HER CHILD

LOS ANGELES, May 25.—Because she secreted herself and her 5-year-old son so that he could not be found by his father, Mrs. Dorothy Clark is in contempt of court today. This was the order made by Judge Wood in the process of a divorce action between Mrs. Clark and Charles Clark. Probationary leniency was granted in that Mrs. Clark was granted an interlocutory decree under the provision that she permit the father to see the son. A violation of this will forfeit final divorce decision.

MAJOR LEAGUES LAY PLANS FOR JUNE 5

CHICAGO, May 25.—Selective service registration day, June 5, will be the occasion for a patriotic demonstration at all major league parks. This was decided on by the national commission, which was in session here today. The commission recommended that all home clubs engage bands on that day to play patriotic music at intervals during the games.

LATINS CABLE WILSON

ROME, May 25.—President Wilson and the American people will be the objects of an Italian propaganda to show the justice of Italy's claims to the "irredeemed" lands of Trent and Trieste now under Austrian control. The Roman branch of the Tront-Trieste association has cabled Wilson, congratulating him on warring for democratic ideals.

STOP LEFT-OVER COUGHS

Dr. Bell's Pine-Tar-Honey will stop that hacking cough that lingers from January. The soothing pine balsams loosen the phlegm, heal the irritated membrane, the glycerine relieves the tender tissues, you breathe easier and coughing ceases. Don't neglect a lingering cough: it is dangerous. Dr. Bell's Pine-Tar-Honey is antiseptic and pleasant to take, benefits young and old. Get it at your druggist's today. Formula on the bottle. 25c.

SELECT YOUR SUMMER SUIT NOW and have it ready to wear on Memorial Day

Next Wednesday is the day on which the American nation commemorates their departed heroes. This year it is a day of unusual significance, for ere another Memorial Day many who participate in its observance, may be added to the list of the fallen.

It is Fitting that All Should Join in the Observance of this Day

Memorial day marks the ushering in of Summer and is the occasion for men to don attire in keeping with the season.

A Stylish Wardrobe Suit

For your new summer suit choose one you will feel most comfortable in—one in which you can face your fellow men with a feeling of equality, if not superiority. The grace and beauty of a Wardrobe Suit shows the ideal of an expert designer, made real by splendid materials and most skillful tailoring.

Wardrobe Summer Suits

\$15.00, \$18.00, \$20.00, \$25.00

A KNOX HAT FOR EVERY OCCASION.

Freckle - Face
Sun and Wind Bring Out Ugly Spots; How to Remove Easily
Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give a clear complexion the expense is trifling.
Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.
Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.—Advertisement.

SANTA ANA WOMAN ELECTED BY STATE MOTHERS CONGRESS

Cause of National Prohibition Is Urged In Resolution At Sacramento

At the California Congress of Mothers and Parent-Teacher Associations being held at Sacramento, Mrs. J. N. Anderson of Santa Ana was elected parliamentarian.

At yesterday's session, the convention urged mothers in California to use their influence in the sale of liberty bonds. Resolutions pledged the 20,000 members of the organization to the cause of the Star and Stripes, and the national government was urged to declare national prohibition as a war measure.

Dr. Jessie A. Russell of Glendale was elected president for the next year.

PYTHIAN MARDI GRAS BALL CLOSES MEET

REDDING, May 25.—After a business session of the Pythian Sisters and Knights of Pythias today, the Grand Lodge meetings of those orders will come to a close tonight in the Mardi Gras ball, the closing feature of the week. The people of Redding have made elaborate plans for this event which is expected to prove one of the most notable Redding has witnessed.

Tomorrow the 1000 visitors who have spent the week here will leave for their homes.

Tustin Department

What the Merchants
Have to Offer You

WALNUT STUMPS ARE USED FOR CHARCOAL

Kiln In Big Ditch Is Proving
To Many to Be An In-
teresting Place

An interesting place to visit just now around Tustin is the big ditch where walnut stumps and tree roots are being converted into charcoal. It is located on the east side of Newport road, south of Laguna avenue. Seventy cords of wood are burning and the ditch has a capacity of 200 cords.

This charcoal is being prepared for use where a fire is necessary without a blaze.

The roots of walnut trees from the big walnut grove recently taken out by E. D. Burge on First street are rapidly being converted into charcoal.

GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands.

SOCIETY'S MEETING IS HELD AT RANCH HOME

The W. H. and F. M. Society of the Advent Christian church held a meeting Tuesday afternoon at the home of Mrs. Sears, on the San Joaquin ranch. The women enjoyed an automobile trip to the hospitable ranch home, and a number of neighbors were invited to meet them. The afternoon was mostly spent in a social way.

Beautiful roses were used in decorations and delicious refreshments were served by the hospitable hostess. Piano music was enjoyed and the pleasant afternoon was only broken up by the return of the automobiles for the homeward journey.

AVOCADO GROWER IS MADE BOARD MEMBER

At the semi-annual meeting of the California Avocado Association the Sharpless avocado was placed by experts at the head of a list of nine varieties successfully grown in California.

The meeting was held last Friday and Saturday at Normal Hill Center, Los Angeles. There were present leading avocado growers from all parts of California and Florida, and experts from the Government Agricultural Department at Washington.

B. H. Sharpless presented a paper giving a history of the Sharpless avocado and his experience in propagating it. There were also papers from men all over the country giving information about the avocado. Mr. Sharpless was appointed a member of the board of directors of the California Association.

AT LAGUNA BEACH

A party comprising the nine Tustin Grammar school teachers enjoyed a delightful week-end house party at Laguna Beach. They were taken down by Roy I. Smith on Friday evening and occupied the cottage of Mrs. Young until Sunday evening. Mr. and Mrs. T. R. Overton were guests of the party on Sunday.

The time was delightfully spent taking in all the joys of charming Laguna. Wienie bakes, picnic lunches, long hikes and swimming; and every moment of the time was joyfully spent. Mr. Smith called late Sunday afternoon for the party, comprising Misses Edith Adams, Eva Osborne, Cassie Elder, Grace Hight, Lois Wilson, Clara Enderle, Grace Casner, and Minnie Johnson and Mrs. Effie Slusser.

Guest—Why, Willie, your plate is empty. Don't you like pie?

Willie—You bet, but we've got to wait to see if you want a second help.

BREAKS GROUND FOR ADDITION TO CHURCH

Six New Rooms Are to Be
Added to the Advent
Christian Church

The ground was broken Thursday for the new addition to the Tustin Advent Christian church. Six new rooms are to be built, comprising a kitchen and serving room and class rooms.

Three lumber companies were asked to bid on the contract and the order was given to the Tustin Lumber Company, as the lowest bidder.

The rooms are to be built at the rear and east side of the church.

CLOSING EXERCISES OF SCHOOL JUNE 8

Rev. Stevenson of Santa Ana
Is to Deliver Address
To Graduates

The closing exercises of the school will be held June 8. Examinations began today and the next week will be a serious one for the Tustin boys and girls.

Closing exercises on the second Friday in June will be held in the school auditorium. Dr. J. A. Stevenson of Santa Ana, will deliver an address to the students.

COMMERCE CHAMBER'S MEETING POSTPONED

The regular meeting of the Tustin Chamber of Commerce for the election of officers was not held last Tuesday night, on account of the fact that there was not a quorum present. Date of the postponed meeting will be announced later.

TUSTIN PERSONALS

Miss Grace Height left for Los Angeles this afternoon, where she will attend the Tri Delta luncheon, at the Los Angeles club house. There will be Tri Delta from all over Southern California at the luncheon, to be held Saturday at noon.

J. A. Phinney, Claud Norton, Wm. Collar, Jim Mock and Duke Squires had a 225-mile automobile trip to Piru, Ventura county, last Sunday.

Mr. and Mrs. W. M. Huntley and little son enjoyed a 230-mile automobile ride to the Cahulla Indian reservation in Riverside county, last Sunday.

Mr. and Mrs. P. H. Bergquist, Mr. and Mrs. Sam Suddaby, Mr. and Mrs. Chas. Sauters, Mr. and Mrs. John Sauters and families spent a pleasant day at Laguna last Sunday. David Franklin of Pasadena, was guest of the party.

Mr. and Mrs. Wesley Peunte and family of Wanago, Kansas, who have been spending several months at Long Beach, were guests of Mr. and Mrs. Govin Baxter, Monday and Tuesday.

Mr. and Mrs. Dan Adams of Wilmington, were guests of Mr. and Mrs. Lou Allen last week-end.

J. A. Coleman, Oscar Leiby and N. G. Waterhouse comprised a party of fishermen at Laguna Wednesday.

Mrs. Edwin Robinson of Los Angeles, spent the week-end with her parents, Mr. and Mrs. T. J. Crawford.

T. H. Carpenter left last Friday for Flagstaff, Arizona, where he will be employed for a time on the Indian reservation.

Mrs. Edwin Stearns, formerly of Tustin, was a guest of Mrs. Alice Fewell and other relatives this week. Mrs. Stearns is on her way from Oregon to a new home at Dewey, Ariz.

T. J. Crawford and son, John Crawford, accompanied by Edward Derrick, Ernest Crawford and Samuel Nau of Santa Ana, enjoyed a trip through Santa Ana Canyon Monday, in Mr. Crawford's Cadillac.

C. E. Utt left for San Francisco last Saturday to attend the Farmers' Convention.

Mr. and Mrs. J. A. Delano of Long Beach, were guests of Mr. and Mrs. Ernest Crawford Monday and Tuesday.

Ralph Mitchell, son of Mr. and Mrs. William Mitchell of the San Joaquin ranch, returned home from Leland-Stanford University last Saturday.

Mrs. Gertrude Osmun was a visitor to Los Angeles Tuesday.

C. D. Brazie, San Juan street, will leave about June 1 for his new ranch home at El Monte.

Miss Clara Macomber, teacher at Santa Monica, spent the week-end with her mother, Mrs. Geo. W. Hubbard.

Mrs. Harry Zaiser, accompanied by Mrs. H. G. Nau of San Bernardino, spent the day Monday in Los Angeles.

Miss Helen Clemmons, Ipaiva, Ill., arrived in Tustin this week to join her father and mother, Mr. and Mrs. Laurell Clemmons, who are spending several months in California. They are stopping at the home of Mr. and Mrs. N. S. Long. Mr. Clemmons has purchased a new machine with which to tour California.

Mr. and Mrs. Dan Adams of Wilmington, were guests of Mr. and Mrs. Louis Allen at the week-end.

Mrs. H. Roy Smith and daughter Marian, Prospect avenue, who have been spending some months on their ranch at Casa Grande, Ariz., returned home Tuesday.

COMMUNITY PICNIC
The big Tustin community picnic has been postponed one week and will be held Saturday, June 9.

TEN GIRLS TAKING GYMNASIUM WORK

Meetings Are to Be Held Once
a Week, With Miss Fitch
As Leader

A girls' gymnasium class was organized last Tuesday night, led by Miss Orla Fitch, at the home of Mr. and Mrs. George Parsons in the former Leck home.

There were ten girls in the class. The class will meet once a week and more girls will no doubt join if a larger room can be procured in which to hold exercises.

LITERATURE SECTION IN REGULAR MEETING

The regular meeting of the Tustin Literature Section was held last Tuesday afternoon at the home of Mrs. Harry Lewis.

The house was beautifully decorated with red amarillils and blue and white Canterbury bells. Huge bunches of these rarely beautiful flowers made a most timely and appropriate decoration for the season. "Old Glory" was honored in the language of flowers.

Everyone in attendance was given a bouquet of flowers in these colors of the flag to take home with them.

The matter of having their annual picnic was discussed and it was finally settled to have a picnic at Orange County Park in the near future. Mrs. Harry Lewis and Mrs. A. G. Finley were appointed to make arrangements.

The remainder of the afternoon was given over to the subject: "China." Papers were presented by the different ones present on China, its Literature, Education, Government, Recreation, National Holidays, Civilization, Poets, and Noted People.

Besides the regular members, Mrs. Howard Wassum was a guest of the club.

During the latter part of the afternoon dainty refreshments were served by the hostess, and a pleasant social time was enjoyed.

ECONOMICS SECTION TO MEET THURSDAY

The members of the Tustin House-hold Economics Section will hold their regular monthly meeting next Thursday afternoon, May 31, instead of Wednesday, on account of Decoration Day.

The meeting will be held at the home of Mrs. Good Adams, 402 South Sycamore street, Santa Ana.

Big Swimming Contest at Huntington Beach Wednesday May 30th

Arrangements are being made for a swimming contest for both boys and girls. The following is a partial list of events already scheduled:

For Boys

- 1—One length of plunge, distance 25 yards.
- 2—Two lengths of plunge, distance 50 yards.
- 3—Four lengths of plunge, distance 100 yards.
- 4—Under water for distance.
- 5—One length of plunge, breast stroke.
- 6—One length of plunge under water.

For Girls

- 7—One length of plunge, Class "B" entrants.
- 8—One length of plunge, Class "A" entrants.

First, second and third prizes will be awarded to each class of entrants. Class "B" entrants will comprise all boys fourteen years of age and under. Class "A" will comprise all boys fifteen years of age and over.

Special prizes will be awarded to the boy or girl scoring the largest number of points in their respective class. Points will count, 5, 3 and 1 for first, second and third place.

Girls attending Grammar School can be entered in Class "B" events. Girls attending High School will be entered in Class "A" events.

All those desiring to enter this contest will leave their name with Manager McCormick at the plunge on or before Monday, May 28th.

Huntington Beach Co.

GARDEN GROVE
IMPROVED MAIL
SERVICE FOR
GROVE NEAR

GARDEN GROVE, May 25.—J. Allen Knapp returned the first of the week from his annual tour of the East in the interests of the chili industry. While in the East he had a very satisfactory conference with Fourth Assistant Postmaster General James J. Blaklee, regarding the collection and distribution of mails by carrier No. 2, in this vicinity.

Mr. Blaklee stated that the present arrangement was only temporary and that the relief the people are seeking through Postmaster Thompson would soon be granted.

Ladies' Aid Meets
The Ladies' Aid met Wednesday at 2 p. m. at the home of Mrs. Frank A. Mills. The president, Mrs. Frank A. Mills, led the devotion. This was the regular once-a-month open meeting and they are always enjoyed by a large crowd. Most delicious refreshments were served by the hostess.

Those who enjoyed a delightful day at the monthly meeting of the Happy Workers at the home of Mrs. Grandy at Westminster Wednesday were Mrs. M. M. Castleman, treasurer; Mmes. Swazey, Donelson and Simon. The afternoon passed very pleasantly with needlework. Tempting refreshments were served by the hostess. An entertainment was planned for the early part of June. The next meeting, the fourth Wednesday in June, will be at the home of Mrs. Philip Simon, Garden Grove.

Red Cross Meets
A large audience greeted Dr. Wehr-

WOMAN OF CALIFORNIA
SUFFERED EIGHT YEARS.

Oakland, Cal.—"I suffered eight years with extreme female trouble; underwent a serious operation, but nothing relieved me. I could not walk without the most severe pain. A friend recommended Dr. Pierce's Favorite Prescription. I took six bottles and was completely cured. I have recommended this medicine to many, many ladies for it certainly was wonderful what it did for me."—Mrs. C. A. Laid, 125 8th St.

If you are a sufferer, if your daughter, mother, sister need help, get Dr. Pierce's Favorite Prescription in liquid or tablet form at any medicine dealer's to-day. Then address Doctor Pierce, Invalids' Hotel, 663 Main St., Buffalo, N. Y., and receive confidential advice that will not cost you a penny. To-day is the day. A book on Woman's Diseases also sent free.

Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up nearly 50 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. Buy now! Avoid a headache!

EVERY MARRIED COUPLE
And all who contemplate marriage should own this complete book of Life—The "Common Sense Medical Adviser," by R. V. Pierce, M. D. It unfolds the secrets of married happiness, so often revealed too late. No book like it to be had at any price. 1005 pages—bound in cloth. Sold formerly at \$1.50. We can mention only a few of the chapters here: The Mechanism of Life, History of Marriage, Advice for Mother and Babe, Nervous Troubles, Sex, Hygiene, Anatomy, Physiology, Medicine.

Special Offer—For a limited time we will send one copy for 3 dimes to pay cost of wrapping and mailing, to any reader of this paper. Address 663 Main St., Buffalo, N. Y.

RUB
YOUR
EYES

and get a clear vision of the possibilities of Fruit and Nut growing without irrigation in the Templeton-Paso Robles district—a swell place for a home—money making opportunities undreamed of a few years back, a combination of desirable conditions possessed by no other locality in the state, these are reasons why so many men from Orange county and other Southern California points are investing there.

10 acre lots, best orchard zone, near town, fine soil for almonds, walnuts, pears or prunes—all money makers—\$90.00 to \$175.00 per acre.

10 acre lots, young orchards just coming into bearing, \$300.00 to \$400.00 per acre.

Here are two good ones, combinations suitable for dairying, hog raising and fruit growing, ¼ mile from high school.

30 acres, ½ in alfalfa, ½ in fine pear, prune or walnut land, \$200.00 per acre.

43 acres adjoining and in the same combination and price, the alfalfa land owns electric pumping plant and modern cement pipe line system.

Ask me for further information about property there.

WINTERSBURG
HOLDUP FOILED
AS HORSE RUNS
OVER BANDIT

WINTERSBURG, May 24.—Two Mexican men attempted a hold up on the boulevard Sunday night, the victim being Allan W. Gardner and his mother. The bandits were on their way home from church and were driving a spirited young horse to a single buggy. Coming to a dark place on the boulevard, the Mexicans sprang out, one grabbing for a wheel, the other for the horse's head. The driver jumped to his feet and gave a yell which so frightened the horse that he jumped and started off so quickly that the man failed to get his hands on her and was run over instead. The animal forgot all about the speed limit and was home in no time.

Just what became of the man who grabbed the wheel is not known, but one thing is certain, he was not with it when the horse stopped.

A short distance beyond the place where the hold-up occurred, three other Mexicans were standing by the road, who may have been accomplices. Fortunately the Gardner's were not harmed in the least, unless it was by the cursing in a foreign tongue that the man who was run over gave them in generous measure.

RECEIVES WORD OF
BROTHERS' DEATH

WINTERSBURG, May 24.—Oseola Kanawyer received a telegram Tuesday stating that his brother, Dewell Kanawyer, of Fresno, had died at 2 p. m. Monday. No previous word had been received of his illness. So the cause of his death is not known. He was a man of about 45 years, and leaves a wife and three children, two of them grown. O. Kanawyer and D. E. Ford of Santa Ana, a friend of the family, left at once for Fresno by automobile.

BIRTHDAY PICNIC IS
HELD AT MODJESKA'S

WINTERSBURG, May 24.—Mr. and Mrs. J. D. Shutt and John Shutt, Jr., Elmer Radford and three children and Mr. and Mrs. Earl Gardner and family took a trip Sunday to Madam Modjeska's home. The following day was Master Thomas Radford's tenth birthday, and the outing was a celebration of the event. A generous ice cream freezer was carried along, and after a walk up the hillside in the afternoon, the birthday cake was served with the ice cream. But the feature that made the birthday wholly complete was the gift of a bicycle, presented by his father. Best wishes to the young man for many happy returns of the day.

WINTERSBURG PERSONALS

WINTERSBURG, May 24.—Mrs. S. A. Robinson and family spent Tuesday in Santa Ana.

Miss Marie Fringer was the soloist at the benefit given by the Woman's Club in Huntington Beach Tuesday evening.

Mr. and Mrs. George Gerhart went to Covina Saturday to visit their nephew, O. J. Gerhart. They were accompanied by Mrs. H. H. Hathaway, who was the guest of her brother, Reuben Meredith, and sister, Mrs. Mary Harris. On the return trip Monday, they were entertained for dinner by Mrs. Wenger at Lamanda Park.

L. L. Letson and wife, with a party of Los Angeles friends as their guests, made quite an extended automobile trip Sunday, taking in Pasadena and a number of the beaches.

Maurice Phillips and family of Santa Ana, were guests Tuesday evening of Mr. and Mrs. W. H. Phillips.

H. H. Hathaway has finished planting his twenty-six acres of Lima beans. Tuesday he presented the paragon family with some delicious dewberries from his own garden, the first picking.

H. G. McConnell of Fresno, spent several days last week with R. L. Draper and family. He is on his way to Douglas, Ariz., where he is to make his home in the future.

Rev. and Mrs. O. N. Oleson drove

YUCCA IS PRIZED AS
WOODEN LEG MATERIAL

LOS ANGELES, May 25.—Save the Yucca on California hillsides, is the cry of nature lovers but more especially of astute businessmen. Yucca, be it known, is the prize material for wooden legs and it is pointed out that the war is creating unprecedented demand along that line. When the war is over Yuccas will yield profits.

WINTERSBURG
EXPERIMENT IN
RICE CULTURE
BEING TRIED

Pasadena Has Arranged Big
Affair For Red Cross
Benefit

WINTERSBURG, May 25.—An experiment in rice culture is being tried out on the mesa this year on the property of the Blue Bill Gun Club, two miles west of Wintersburg, under the care of Herman Carter. The work is being done by E. Ray Moore, and a 2¼-acre piece of ground is now nearly ready for the seed. First the soil is plowed deep, well pulverized and leveled. The seed, 90 pounds to the acre, is sown broadcast and harrowed in. Then the whole field will be flooded for 48 hours, and drained. After the rice is up, it will be flooded again. The advice given by the Agricultural Department at Washington is that April is the month for rice planting, May being too late, but it was impossible for the men to get it in during April, and it may be the late planting will prove a success in this locality.

On the 80-acre tract owned by the gun club is an unusually fine flowing well. It is a 12-inch well, cost \$4000 and is 1200 feet deep, but the supply of water comes from a subterranean lake 500 feet below the surface. Casting about for a way to utilize this enormous output of water and also to reduce the high cost of living, by at least furnishing some extra food for ducks, if not for man, this experiment suggested itself.

L. A. CROPS ARE ABOVE
NORMAL, REPORT SHOWS

BERKELEY, May 25.—The bean area in Los Angeles county is 75 per cent above normal—a crop of 50 per cent above average is expected; the best acreage, 5 per cent above normal, is expected to yield an average crop; the citrus crop will be 10 to 15 per cent above the average and the deciduous fruit crop apparently will total 50 to 75 per cent above normal, according to the first report of the recent food survey concerning Los Angeles and Mariposa counties.

CAN'T BEAT "TIZ"
WHEN FEET HURT

"Tiz" For Sore, Tired, Puffed-up Aching, Calloused Feet Or Corns

"Sure! I use 'Tiz' every time for any foot trouble."

—You can be happy-footed in a moment. Use "Tiz" and never suffer with tender, raw, burning, blistered, swollen, tired, smelly feet. "Tiz" and only "Tiz" takes the pain and soreness out of corns, callouses and bunions. As soon as you put your feet in a "Tiz" bath, you just feel the happiness soaking in. How good your poor old feet feel. They want to dance for joy. "Tiz" is grand. "Tiz" instantly draws out all the poisonous exudations which puff up your feet and cause sore, inflamed, aching, sweaty, smelly feet. Get a 25-cent box of "Tiz" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.—Advertisement.

BAN UPON CORPORAL
PUNISHMENT SOUGHT

LOS ANGELES, May 25.—Corporal punishment in controlling prisoners at penal institutions in California is unnecessary, according to the Southern California Institute of Criminal Law and Criminology. Resolutions calling on the state board of charities and corrections to abolish all forms of corporal punishment in penal institutions were adopted by the institute at a recent meeting. The organization also called for the establishment of letter boxes in each institute where inmates can deposit letters setting forth their grievances, the letters to be delivered to the proper authorities. This action was taken as a result of a recent expose of prison conditions by Harold Spears, a former inmate of the Preston School of Industry at Lone.

FRENCH PUZZLED

PARIS, May 25.—The people of France cannot understand why the American government since declaring war on Germany has not leaped to recognize in a material way the Americans who have long been fighting for France. A letter signed "A French Mother," printed here said: "Why is it that those few Americans, brave enough to seek voluntarily, while their country was still neutral, the ranks of our army, have not yet been claimed by their government, whose citizens they remain? While all those at home are apparently receiving commissions and honor, are these men to remain sergents and soldiers in the French army, unrecognized and unhonored by their mother country?"

SOLDIERS CHEW GUM

LONDON, May 25.—The gum-chewing habit will become firmly saddled in the British public when the American expedition comes over. Already an Englishman has introduced gum to his English brothers-in-arms. Medical folks, in weighty papers, find that the American habit raises the blood pressure and thereby imparts a sense of confidence in the attacking soldier.

SPORTS

By H. C. Hamilton

NEW YORK, May 25.—Dispatches from California bring word that Bill James, with a growth cut off his fling arm, will make an effort to come back. The wondrous worker, whose tremendous heaving was mainly responsible for the dash to a world's championship by the Braves, is declared, may be on the road to a successful comeback.

A rejuvenation of James would give the Braves considerably more of a look in on things than they possess right now. When this master of the hurling art was in his best fettle there never was a pitcher who was better. James was the ace of that angle of baseball. He had everything—speed, a curve ball, the head that goes with it, and the tremendous bulk needed to carry him through the hardest work.

James' first year as a professional baseball hurler marked him as a player of parts. He won twenty-nine games and was defeated in only seven while pitching for Seattle in the Northwestern league. That was enough for Boston. He was promptly grabbed off. His first year he won six and lost ten, but in 1914, when he helped the Braves during their sensational spurt, the Boston wonder won twenty-six and lost only seven games. That brief period in the spotlight of fame ended Bill's career unless the operation brings back his power. In 1915 his name was opposite six victories and four defeats. Last year his arm didn't even connect with the records.

Unclaimed Letters

Letters addressed to the following parties remain unclaimed for in the postoffice at Santa Ana, Cal., for the week ending May 26, 1917:

Mrs. Mattie Barrett, Mr. and Mrs. George Benson, Mrs. George L. Bissinger, Mrs. Muriel Brook, Mr. Marion C. Brown, Geo. Bueta, Mr. Paul Carlson, C. R. Davenport, Mr. Doening, Miss Henrietta Duhart, Mrs. Ray E. Dunsford, Mr. Dan Fie, Mr. Olin E. Hunsford, Mr. E. W. Haptonstall (2), Harry Hosford, Mr. and Mrs. Frank Hitchcock, Mr. Kahn, Dorothy Keene, Mr. Harry W. King, Mrs. S. Lucilla McGaughey, Mr. Charles Miller, Mr. B. D. Mosher, Mrs. Annie Myers, Miss Annie Mae Owens, Mr. Chaucer Lester Reed, Mr. Joseph Rendens, Mrs. Ed. Reuther, Mrs. Mabel Randall, N. Snyder, Mrs. S. B. Strand, Mrs. Thyrna M. Swales, Mrs. Will Tuttle, Juan Arellano, Juan Ferniza, Mr. Ralph Lopez, Sr. Lucio Lopez, Senor Nasario Mata (2), Sr. Guadalupe Marques, Sr. Francisco Ramirez, Sr. Jose Rasaz, Natario Villalobos.

If not called for in two weeks will be sent to the Dead Letter office. When calling for the above please say advertised and give date.

LOS ANGELES PRODUCE MARKET
The first green corn of the current season appeared in the city yesterday, the same being offered to the trade for \$1.65 a lug. Asparagus is scarcer, and in consequence values have been advanced to 10 and 11 cents a pound. Rhubarb is plentiful, and the crimson winter variety has been reduced to 75 cents a box. Other vegetable prices continue unchanged, although tomatoes have shown indications of going higher in the near future.

The conspicuous strength of the apple market is one of the features of local produce conditions.

It is reported from all parts of the country that the putting in storage of cheese has been heavier than for many seasons past. Cheese is an easy food to store, and as its food value is very large, prices are sure to be well maintained.

DAILY MARKET REPORT
(Corrected daily by telephone from Los Angeles)

BUTTER—California creamery extras, 35c; do. creamery firsts, 33c; 25c; do. represent 3 cents added to jobbers' prices to produce.

EGGS—Pullets, 30c; case count, 33c; extra, 35c. Quotations on eggs, case count bases, indicate jobbers and wholesale prices to producers. Quotations on candied and selected stock are prices to jobbers.

POULTRY—Broilers, under 1 lb., 15c; broilers, 1 to 2 lbs., 21c; fliers, 25c; roasts, 25c; heavy, 25c; old roosters, 10c; young ducks, 20c; young geese, 22c; turkeys, 30c; hen turkeys, 23c; pullets, 20c.

MISCELLANEOUS FRUITS—Bananas, lb., 5c; Spitzengrass, \$2.00/2.25; yellow Newton Pippins, \$2.00/2.35; Oregon Pippins, \$1.75/2.10; Winesaps, \$2.25/2.75; Roman Beauties, \$2.50/2.75; White Winter Pippins, 4-tier, \$2.10/2.50; Bunk 1st oranges, 35c; limes, 85c basket; cranberries, \$10.00; blue, fancy oranges, \$2.50; tangerines, \$1.25; Sun King, \$2.25; loquats, 10c basket; strawberries, 10c/12c basket, 50c/55c crate; pineapple, 85c/90c lb.; blackberries, 10c/15c box; cherries, 10c/15c lb.; gooseberries, 95c/1c lb.; apricots, 10c/15c lb.

THEY THREATEN TO QUIT BANKS

Property Owners Who Went Under Registry System Pass Resolutions

Following the superior court trial this week that ended in placing properties owned by thirty-three petitioners under the registry system, there was a meeting attended by some of the petitioners and by their attorney, Crail, of Los Angeles, whose solicitor had secured the names of the property owners to a contract to put the property under the system.

At the meeting of petitioners, a resolution was passed concerning the decision of the Orange County Bankers' Association not to accept Torrens titles as sufficient title upon which to issue loans. Following a preamble in which the allegation is made that the banks are taking the part of the title companies, a resolution was passed saying:

"Resolved, that we, as owners of Torrens title certificates, pledge ourselves to withdraw our bank accounts and cease to do business with any bank discriminating against Torrens titles."

The petitioners further pledge themselves to work for an initiative "to make the Torrens law obligatory." While the resolution is not specific, probably the word "obligatory" means to make all property go under the registry system.

The state legislature was commended for making it a crime to hinder, intimidate or obstruct any person from exercising his rights under the registry act.

W. H. CARLSON, FORMER L. A. BANKER, IS HELD

LOS ANGELES, May 25.—Preparations were being made today for the removal here of William H. Carlson, former Los Angeles bank president, real estate operator, promoter, attorney, man-about-town and mayor of San Diego for two terms, who, after a tempestuous financial career, was arrested after a long search by federal officers at Nogales, Ariz. A secret federal grand jury indictment in January charged Carlson with fraudulent use of the mails. His alleged scheme was to induce victims to invest in mortgaged property near Niland, Imperial Valley. Thousands of dollars are said to have been made by him through his operations.

COAST NOT SURPRISED AT PIRATE'S SUCCESS

SAN FRANCISCO, May 25.—Pacific Coast League fans are not surprised over Pitcher Frank Miller's success with the Pittsburgh Pirates this season. Miller is a Coast League product. The White Sox drafted him in 1912 but he was taken ill with diphtheria during the winter and had to retire for two seasons. Strong as an average man possibly could be, Miller was a wonderful pitcher in 1912. He could pitch almost every day, seldom failing to send eight or ten batters back to the water bucket. Only the other day Miller twirled the first shutout game of the season against the New York Giants, allowing four hits and striking out seven batters.

WESTMINSTER LODGE MEETS

Meeting of Rebekahs Tuesday Evening Proves to Be Pleasant Affair

WESTMINSTER, May 24.—At the meeting of Rebekahs on Tuesday evening Dr. Frances Marshall of Garden Grove and Miss Fay Weinschenk were initiated and Mr. and Mrs. Jack Jentes of Garden Grove were re-initiated, the ceremonies being conducted by the local team. Each new member was presented with a beautiful bouquet of carnations. A dainty lunch was served consisting of meat loaf, salad, French rolls, ice cream and cake.

The Happy Workers met at the home of Mrs. F. J. Grandy on Wednesday. The day was spent tacking a comfort, sewing carpet rags and fancy work. Luncheon of sandwiches, coffee, strawberries with cream and cake was served. At the business session, the chairman of each of the five committees gave two suggestions of ways for the society to make money. The one decided on for the first tryout was a patriotic program to be given sometime in June. The next meeting will be at Garden Grove with Mrs. Simons. Those present were Mesdames B. A. Hazard, E. A. Hare, Donelson, Swayze, Orel Hare, R. F. Hazard, Hosack, Simons, Everett, Ruggles, Wright, R. E. Larter, H. Larter, Gothard, Madison, Fogler, Patterson, Dirkey, McCoy, Johnston, Grandy, Kerr, Wardle, Hagen, Byram and Misses Wollott, Junkin and Dickey.

Ellsworth Buck of Garden Grove, son of Mrs. M. J. Buck of this place, was taken to a hospital in Los Angeles on Monday and underwent an operation for appendicitis. His brother, Sherman Buck, made a trip to Los Angeles and found him doing well, the operation being a success. Mr. and Mrs. C. H. Fisher and baby of Anaheim were Sunday guests at the home of W. J. Edwards.

Samuel King of Orange County Park was here Tuesday looking for two mules and a horse which had wandered from pasture the last of the week. Since they were raised here and since they wandered down here once before, he thought they might have done so again.

Mr. and Mrs. Ben Craig and baby of Orange visited Mrs. Craig's parents, Mr. and Mrs. W. J. Edwards, Monday. Elmer Fowler made a trip to Los Angeles Saturday and was accompanied home by his brother, Willis Fowler, and wife and two children, who remained till Tuesday evening.

Mrs. Lydia Callaway and three children spent several days with Mrs. Nettie Edwards this week.

Mrs. Callaway has been spending the past few months in San Jacinto and after visiting her mother, Mrs. Ira Moore, in Huntington Beach, will return to her home in Salt Lake, where her husband has preceded her.

Mr. and Mrs. Will Huff and children of Long Beach, accompanied by S. R. Herron and daughter, Mrs. Mabel Hardesty of Modesto, were calling on friends in this vicinity on Saturday. Mr. Herron and Mrs. Hardesty were former residents and have been in attendance at the G. A. R. convention at Long Beach.

Mrs. M. J. Larter, who has been visiting her nieces, Mrs. Miller and Mrs. Newsome, near Stanton the past two weeks, returned Saturday.

The women of the Methodist church held a social at the parsonage on Friday evening. Games occupied the evening and refreshments of ice cream and cake were served.

Mr. and Mrs. Harrison Frost had as their guests Sunday Mr. and Mrs. Frank Miles of Huntington Beach.

Mr. and Mrs. Arthur Hughes of Pasadena spent Sunday and Monday with Mr. and Mrs. James McFadden.

Mrs. Mabel Rozelle spent Friday night with her cousin, Mrs. Francis Penhall.

H. B. Anderson had the misfortune to get a barley beard in his eye Saturday, and not being able to remove it went the next morning to Santa Ana to have it removed by an oculist.

Miss Wolcott of Topeka, Kans., spent several days this week with her cousin, Mrs. Thomas Hosack.

On account of having had extra vacation, this school with some others in the county will continue later than usual and therefore a special list of questions will be prepared for the eighth grade by the county board of education.

Miss Henrietta Dickey, who has been attending Stanford university, returned home Wednesday to spend her vacation, after spending several days with friends in Pasadena.

Mrs. Kruger of Los Angeles spent from Sunday till Tuesday at the ranch here.

Mrs. Eva Dickey returned Thursday after visiting a week with her daughter, Mrs. Perle Glass, in Corona.

Chas. Pair and family and Mr. and Mrs. Baxter made a trip to Orange County Park Sunday.

Mr. Van Eman and family of Colorado were guests Tuesday of Mr. and Mrs. J. J. Pyle. Mr. Van Eman is an uncle of Rev. J. A. Stevenson of Santa Ana and in company with two uncles of Mr. Pyle crossed the plains in 1851. They were old acquaintances in Pennsylvania years ago.

Mrs. Abbott and little granddaughter Helen of Florence came to her home here Saturday, returning Tuesday.

Mr. and Mrs. J. J. Pyle went to Whittier Wednesday to see the Interstate Preparedness train, consisting of eleven carloads of products.

Mrs. Madison, who has been visiting her daughter, Mrs. Fogler, left Thursday for her home in San Bernardino Thursday.

Rev. W. T. Wardle has received a letter from Rev. Paul Stevens, superintendent of Sunday school work, naming Sunday, May 27, as the date of the Sunday school conference which had been set for June 3. This will be held in the Presbyterian church from 4 to 9 p. m.

The new bungalow being erected by Edward Maes to replace the old one destroyed by fire two weeks ago is nearing completion.

Church Notices
METHODIST—Sunday school, 10 a. m. Preaching, 11 a. m. Epworth League, 7 p. m.; subject, "Why I Should Attend the League Institute." Preaching, 8 p. m. Prayer meeting, Thursday, 7:30 p. m.
PRESBYTERIAN—Sunday school, 10 a. m. Preaching, 11 a. m.; subject, "The Power Above the Powers." Prayer meeting, Thursday, 7:30 p. m.

It is suggested by the officers of the Westminster Cemetery Association that all who are interested in the improvements recently made should meet at the cemetery on Decoration Day. They invite suggestions as to further improvements. A meeting is called at 2:30, when it is hoped to have a speaker from a distance to address the meeting on a subject appropriate to the occasion.

Keep Business Going!

This is the most patriotic answer to the universal American question, "What can I do for my country?" It applies to us all alike—men, women, children. It is universal, therefore democratic; and this war is a war for democracy.

A prosperous country can pay for a war, an unprosperous country cannot. A prosperous country can help the Allies, an unprosperous country cannot effectively help herself.

Keep Business Going

forward so that the county can effectively go forward. Keep money circulating, keep people employed, keep wages good, keep making money so that we may have it to use and to sacrifice in the common cause. Be economical, which means be NOT wasteful. Practice

Patriotic Economy

by buying efficiently. Spend money, don't hoard it; thus your neighbor will spend money and not hoard it, for hoarding stops the wellspring of wealth, lessening the need for employment—possibly in time your own employment. It is hoarding, not war, that makes panic and disaster. Keep

The Nation Progressing

while the nation helps to keep the world progressing. Civic improvements must go on: road building must be carried forward; railroads must renew their equipment; factories must be kept going; labor must be employed; merchandise must be produced, distributed and used; homes must be kept up. The more we do, the more we can do.

The keynote is clearly sounded for us when

President Wilson Says:

"It is evident to every thinking man that our industries, on the farm, in the shipyards, in the mines, in the factories, must be made prolific and more efficient."

Our industries are prolific only when patronage makes them so. Business slackens when buying slackens. And slackened business cannot grow efficient, any more than stagnant water can grow pure.

Idle Business Invites Competition

If American business grows inefficient through idleness, foreign business will make inroads upon it after the war. This is a thought for every patriotic American to consider NOW. It is for us—all of us—to keep our own industries mobile and active so that they may have the force and momentum to compete when the smoke of battle clears.

Keep Business Going

for our country's sake. War must be waged and won with the sinews of war.

TIRED OF LIFE

Constant Backache and Rheumatism

Foley Kidney Pills fixed up Texas brakeman to his good as ever. Almost down and out with kidney trouble, rheumatism so bad he could scarcely get up when he sat down. Back ached all the time. No wonder Mr. F. A. Wooley, brakeman on the rail from Dallas to Jackson, Texas, "was tired of living." "I saw Foley Kidney Pills advertised," he said, "I took some and after a short time I was thoroughly cured and am having no more trouble. Your kidney pills will disappear—and with them the backache and rheumatism. Once your kidneys become strong and active, aches and pains will disappear like magic. There's nothing to equal the genuine. Will help any case of kidney or bladder trouble not beyond the reach of medicine. Contains no harmful drugs. Try them. Rowley Drug Co.

Asbestos a Mineral

Asbestos, from the Greek word meaning inextinguishable or unconsumable, is a rock consisting of fine, silky, elastic fibres. This wonderful stone has been found in Canada, New South Wales, Sweden, Scotland, Corsica, Russia, and Alpine Countries. In the United States there are deposits of it in Georgia, North Carolina, Vermont, Wyoming, Arizona, California and Colorado.

Asbestos rock is found in several forms. One of the most usual forms, Amphibole, is a long fibred deposit occurring in veins and pockets. A short fibred variety, Chrysotile, is generally found in massive serpentine, although it does occur in veins and pockets.

Many uses have been discovered for the mineral and new products containing it are being produced constantly. It is employed by chemists for heat tests, and for filtering cloths for acids. Among the insulations made of asbestos are mentioned pipe coverings, stove and furnace linings, boiler coverings, fire box lining or cements for high temperatures, smoke stack linings, etc. A few other products which contain it are—paint, clothing and cloth, paper, roofing, shingles, wood, putty, brake lining and brake blocks, packing, switch boards, felt, underground conduit, table mats and covers, rope, mineral wool, stucco or plaster, theatre curtains, etc.

Some of the world's finest mines are in Canada although there are several excellent ones in Arizona.

It is said that the H. W. Johns-Manville Company are the largest manufacturers of asbestos products.
